TRENTON, N. J., Mar. 4.—Governor A. Harry Moore of New Jersey, today sent a telegram to President Hoover requesting that he send representatives of the Department of Justice to a conference of police officials of American cities to meet here tomorrow in connection with the Lindbergh baby kidnaping case.

The telegram read:

"To Honorable Herbert Hoover:

"Will you kindly send representatives of the Department of Justice to attend a conference in my office in Trenton for tomorrow at eleven o'clock of police officials of leading American cities covering coordinate efforts to apprehend abductors of the Lindbergh baby.

Education is better appreciated in times like there. At least at the Senior high school there's strong indication of this being true. Normally, the post-graduate group is not as large.

Just a year from today, and Washington, D. C. will be the scene of one more presidential inaugural. And right now both parties are busy getting ready for it.

Japanese Order New Attack As Truce Is Broken

Japanese Contend Chinese Forces Broke Truce, Fighting Resumes

PERMANENT PEACE IS LONG WAY OFF

Shanghai Quiet For First Time In Several Days, No Fires Burning

By DIXON HOSTE

SHANGHAI, Mar. 4.—After just one day's cessation of hostilities, Japanese officers today ordered their forces to attack the Chinese army at two points at which it had resisted during its general retreat.

One of these was at Nanziang, where heavy fighting broke out yesterday and continued today with losses to each side understood to be heavy.

Serious Clashes

The other was near Kiating, west of Tachang, where a serious clash occurred today as the Japanese took command of neighboring villages.

Both points of today's fighting are within the 20-kilometer radius of Shanghai which the Japanese had demanded be cleared of Chinese troops.

The fighting bore out the contention of Chinese leaders in Shanghai that there was little hope for immediate peace, and that, because of the harsh terms of the Japanese truce terms, the Chinese would continue to resist wherever they believed they could hold ground.

Japs Break Truce

Chinese officials declared the Japanese had taken advantage of a situation planned to aid in truce negotiations. The Chinese retreat was ordered to aid a halt in fighting, they declared, and the Japanese attacked during the retreat and thus renewed the hostilities.

Japanese officials declared the Chinese had opened fire in these two positions as the Japanese attempted to occupy them.

The main body of the Chinese army was outside the 20-kilometer limit, but was understood to be

SHANGHAI, Mar. 4.—T. V. Soong, Chinese Minister of Finance, in an interview with International News Service today declared peace in Shanghai was not in sight, and that China would continue to resist Japan.

"China's resistance to Japan is continuing," he said. "It is true both sides ordered a cessation of hostilities, but at six o'clock last night and again today there still is heavy fighting.

"The Japanese continue to advance near Nanziang. No armistice is possible on Japan's terms. I see no peace in sight. On the contrary, I see China in flames. If we are given no alternative but communism or Japan's militarism, then we will choose communism.

"We may go down, but Japan will go with us."

INAUGURATION DAY IS ONE YEAR HENCE

WASHINGTON, Mar. 4.—A year from today the bands will be playing up and down Pennsylvania Avenue and they will be inaugurating a new president.

Whether it will be Herbert Hoover, or a Democrat yet unidentified, is a question the next eight months in all probability will determine. It is an axiom commonly accepted in politics that conditions in the months immediately preceding a national election usually determine the outcome. In this respect, politicians expect 1932 to be no exception.

It was three years ago this March 4th that Mr. Hoover rode down the Avenue in the rain to accept the presidency.

The country then was riding the high road of the greatest prosperity it had ever known. Business was booming, jobs were plentiful, and seemingly there lay ahead an endless stretch of "good times."

Conditions Changed.

Conditions on this 4th of March are painfully different. The country is laboriously trying to extricate itself from perhaps the greatest business depression in its history. Millions of men are unemployed, and war-time measures have had to be

Men Would Risk Lives To Restore Baby To Mother

By DOROTHY DUCAS
International News Service Staff Correspondent

HOPEWELL, N. J., Mar. 4.—A renaissance of chivalry has swept across the land with the calamitous disappearance of the Lindbergh infant.

Everywhere today men are ready to risk their lives to serve a gallant little lady who does not know how to whimper—Anne Morrow Lindbergh, the baby's mother.

This especially noticeable in the police who have massed their numbers to seek the abductors of the 20-months-old son of America's most idolized couple. Day and night these men are on guard at the great white house here; they stand and talk with tense concern in their faces, or drive about on dusty roads doing routine tasks with unusual fervor.

"I'd give my right hand to bring that baby back to her," one of the stalwart state troopers was overheard to say today.

Another suggested a physician be kept in close touch with the house in case any shock necessitated medical services suddenly. No doctor has been called for Mrs. Lindbergh as yet, it is said.

At least three men reporters con-

BEVERLY HILLS, Cal., Mar. 4. — Did you ever see such a day? Nobody don't feel like doing anything, taking any interest in anything. The attention of the world is on a little curly-haired baby. Till he is found, we can't get back to normal.

Never since the two days and a night that this same kid's father was out over the Atlantic, has the attention of everybody been centered so completely on one thing.

The greatest single "kick" that a whole nation got, outside of the signing of the Armistice, was when the news was flashed that Lindbergh had landed in Paris, the next one we hope and pray will be when this baby is delivered safely home.

J. J. Francis Says Name Is Stricken From Voting List

Citation On Registering Assessor R. J. Crawford Of New Wilmington Is Awarded

Joseph J. Francis of New Wilmington presented a petition to county court this morning in which he complained that R. J. Crawford, registering assessor for New Wilmington borough had cut his name from the voting list.

Francis stated that he had been a resident of the borough for many years. He had heard that his name was not on the voting list this year and when the registering assessor sat at the polling place on February 25, he had gone around to see if his name was on the list. He claims that Crawford informed him that he was not on the list and refused to put him on.

Francis says that he has paid taxes within the past two years and knows of no reason why his name should be cut from the Republican list. Judge Hildebrand granted a citation on Crawford to appear in court on March 21 and show cause why the name of Francis should not be placed on the list.

PARENTS OF BABY MAKE PUBLIC PLEA FOR NEGOTIATIONS

Letter Of Col. And Mrs. Lindbergh Is Sent Broadcast Over Nation—Asks Kidnapers To Open Negotiations For Return Of Baby—Promise Secrecy And Offer To Pay Ransom—Many Wild Rumors And Supposed Clues Develop—Baby Is Still Missing

By DAVID P. SENTNER
(International News Service Staff Correspondent)

HOPEWELL, N. J., Mar. 4.—An open letter to the kidnapers of their son was addressed to them by Colonel Charles A. Lindbergh and his wife, pleading a father and mother's love to return their child. They asked for the confidence of the kidnapers in opening negotiations for the child's return.

The plea was broadcast by radio and published throughout the nation.

The letter virtually pledged the honor of the Lindbergh family that any transactions between them and the keepers of the child would be "strictly confidential."

The Lindberghs wrote that "we will keep whatever arrangements that may be made by their representative and ours strictly confidential."

They pledged that no injury would be visited in any way on those connected with the return of the child."

The letter which was also signed by Colonel Charles A. Lindbergh follows:

"Colonel Lindbergh and I want to make personal contact with the kidnapers of our baby. Our only interest is in his immediate and safe return. I feel certain that the kidnapers will realize that this interest is strong enough to justify them having complete confidence and trust in any promises we may make in connection with his return.

"We urge those who have the child to select any representative that they desire to meet a representative of ours who will be suitable to them at any time and at any place they may designate. If this is acceptable we promise that we will keep whatever arrangements that may be made by their representative and ours strictly confidential and we further pledge ourselves that we will not try to injure in any way those connected with the return of the child.

"(Signed)
COLONEL LINDBERGH and ANNE LINDBERGH.

The letter was taken by a state trooper to the office of the governor in Trenton for dissemination throughout the land.

May Clear Path

The most striking development in the case since Baby Lindbergh was kidnaped last Tuesday night from his nursery crib, it was seen as clearing the path to the Lindberghs for the kidnapers.

It served to quiet any fears the kidnapers might have felt that communication was beset with danger.

It virtually meant that the police had agreed to stand aside for the sake of the child.

It meant that future dealings for the recovery of the baby were simply a matter between the Lindberghs—party of the first part—and the kidnapers—party of the second part.

With the forces of the law swept off the stage and the Lindberghs made accessible to any offer that the kidnapers had to offer, the long, long awaited word from them was expected some time today or tomorrow.

This period also should coincide with the information contained in the ransom letter left by the kidnapers in the nursery. This ransom note was said to have contained a suggestion that a communication would be received by the parents several days after the child was taken away.

Tries Radio Appeal.

HOPEWELL, N. J., Mar. 4.—Col. Charles A. Lindbergh today put his faith upon the element through which he had many times flown with his bride and wife—hand and hand.

The two waited for their radio plea to the kidnapers of their baby to bring them something upon which they might hope for the return of their lost one.

"Mr. and Mrs. Lindbergh not only wish, but hope, that whoever is in possession of the child will make every effort to communicate with them."

This heartfelt message was broadcast like a thousand airplanes out

Shanghai Quiet

Shanghai itself was quiet today for the first time in 35 days. The city was not lit up by great fires, and there was no loud reports from shells and bombs.

Foreign observers saw little hope for a permanent end of fighting as a result of negotiations under way at present. It was understood there was no peace parley being conducted today, but Japan's latest proposals, as stated at discussions yesterday, were entirely unacceptable to the Chinese, they said. The proposals, in brief, were:

1. A renewed demand for total eradication of anti-Japanese boycott organizations.

2. Perpetual demilitarization of the Shanghai area.

3. Permanent dismantling of the Chinese forts at the mouths of the Whangpoo and Yangtze rivers (this includes the Woosung forts).

(Continued From Page One)

undertaken to forestall an even worse state of affairs.

Whether Mr. Hoover can sufficiently overcome the political handicap that these conditions impose upon his candidacy, to again ride triumphantly down the avenue a year hence was a question in everyone's mind in Washington today.

His pathway to renomination has been made easy. No one has any doubt but that Mr. Hoover will be overwhelmingly renominated at Chicago next June. Every possible opponent of any prominence, Progressive or regular, has declined to contest with him.

Some Obstacles.

But as easy as the president's political path is with regard to nomination, there are nevertheless imposing obstacles ahead of him, and some weighty decisions to be made, one such concerns the party attitude toward prohibition.

It is now considered virtually certain that the Republicans at Chicago will stage a bitter fight over prohibition and the prediction is freely made in responsible Republican quarters that the convention will adopt at least a referendum plank in their platform.

In the present session of congress the Republicans have revealed themselves as badly split over prohibition as the Democrats, perhaps more so.

Prominent and influential Republicans from the eastern states are becoming more and more insistent that the Republican platform this year contain some sort of a wet plank. They privately assert they are going to Chicago and fight for it—whether Mr. Hoover likes it or not.

Silent On Prohibition.

Moreover, it is an open secret in Washington that half of the cabinet has been urging upon the president a modification of his hitherto strongly dry position.

If Mr. Hoover has given his wet advisers any comfort it is not known. Whether he would consent to run on a platform that contained a damp, moist, or wet plank apparently is something which he has confided to no one.

For a year past, except for generalizations about the need for law enforcement, the president has had little or nothing to say about prohibition. He has, in fact, almost completely ignored the subject.

In view of previous committments covering all aspects of the prohibition problem—repeal, revision or modification—it will be no easy maneuver for the president to take a wet plank at Chicago. And such a plank is the avowed purpose and aim of Republican leaders from those states of the east and middle west that are necessary to election in November.

Prohibition, as well as economic issues, represent a real problem to Mr. Hoover on this third anniversary of his presidency.

PARENTS OF BABY MAKE PUBLIC PLEA FOR NEGOTIATIONS

(Continued From Page One)

into the ether by the great national radio broadcasting systems.

So the Lindberghs waited.

Not long after the plea was made over the radio for the kidnapers to communicate with the parents, hope leaped high in the Lindbergh household.

A man telephoned Colonel Lindbergh from Long Branch, N. J., asking of the kidnapers would be granted immunity.

The teletype system began clicking in the newly established emergency police headquarters on the estate. Police squad cars and motorcycles roared forth.

A man was taken into custody who said he made the telephone call from Long Branch.

But—the man explained he was merely taking a friendly interest in the kidnaping case.

Many Rumors.

But this and that in this area of multi-winged rumors caused a report to be born that Colonel Lindbergh was willing to agree not to press prosecution against the kidnapers if his son was returned safely.

While police and state troopers were silent as to this "immunity" angle, they admitted they were willing to "go along" with the colonel in any arrangement he might make to recover his child.

The "no man's land" set up around the Lindbergh homestead was continued today.

There were even stricter rules enforced regarding gatherings and parking of automobiles near the entrance of the estate. Machines were kept on the move on the nearest road passing the estate for a distance of a couple of miles in each direction.

Under these conditions, it was possible that an emissary of the kidnapers might walk untouched up the winding path to the childless white house on the hill.

But the welcome one did not come—only the mailman with a continuous stream of letters of sympathy, suggestions and the unwanted "crank" missives.

By DAVID P. SENTNER
International News Service Staff Correspondent

Hopewell, N. J., Mar. 4.—The kidnaped Lindbergh baby was still in the land of the missing today.

Three long nights and part of a day have passed since 20-months-old Charles Augustus Lindbergh, Jr., was stolen from his nursery crib in his teddy-bear sleeping suit.

Since then, the hopes of Colonel and Mrs. Charles A. Lindbergh, the tortured parents, have risen and fallen, like sweet and bitter heart beats.

A thousand clues have proved futile.

Authorities admit they are "up against a stone wall."

The Lindberghs are anxious—eager—pleadingly anxious—to pay the ransom sum demanded by the baby stealers.

But how—when—where?

Unable To Tell Right Note

They have not heard from the kidnapers—or at least among the thousands of notes, letters and communications received they are unable to tell the spurious ones from the one letter they are waiting for.

The famous aviator-father wears his habitual mask of calmness—but underneath he is worried today.

The condition of Mrs. Anne Morrow Lindbergh is that of any mother whose only babe has been taken from her.

Reflecting the attitude of mind of the Lindbergh household, a plea to the kidnapers was broadcast over national radio systems.

"Colonel and Mrs. Lindbergh not only wish, but hope—that whoever is in possession of the child will make every effort to communicate with them," the broadcast said.

The presence of a ransom note was officially admitted. It has been left behind in the empty nursery after the kidnapers had snatched the baby from his crib.

Its general contents was given out in Trenton as follows:

"The first ransom note left in the room on the night of the kidnaping asked for $50,000.

Small Denominations

"It specified that the bills were to be in denominations of one, two, five, ten and twenty dollars. It said that the baby would be well taken care of.

"It was signed with three pen pricks in the paper.

"There were no directions as to how the ransom should be paid and there was no time limit specified."

John J. Toohey, secretary to Governor A. Harry Moore, denied that he had given out the contents of the ransom note.

Among the horde of "crank" letters there were several on hand today which were considered of possible importance.

A postcard, intercepted at Auburn, N. Y., was addressed to Colonel Lindbergh and read:

"Baby taken good care of. Look for instructions Saturday. If police get too close, watch out."

Another postcard mailed to Colonel Lindbergh from South Orange, N. J., read:

"Baby will die."

This card resembled a previous postcard mailed the Colonel from Newark, N. J., last Wednesday.

Both cards were printed in pencil. Both were addressed:

"Charles Linberg."

Mailed From New York

Another missive was mailed from New York and referred to the fate of Frances St. John Smith, who disappeared from Smith College in January, 1928. Her body was found a year later in the Connecticut river. She was said to have committed suicide.

This letter cautioned secrecy and was of a rambling nature.

There is an average of almost a letter a minute being received by the Lindberghs. The post office department has been asked if it is possible to take some action to discourage the sending of "Crank Mail" to the flyer.

A modern police headquarters, with radio broadcasting and teletype facilities, was established on the Lindbergh estate to centralize handling the search for the kidnapers.

One of the first important messages to go over the teletype system was a personal appeal from Colonel Lindbergh to police of Philadelphia, Atlantic City and Camden to aid in running down a clue.

"Another "tip" reported that a woman with a baby had stepped out of a green monoplane on a farm near Richboro, Pa., entered an automobile and sped away.

It was discovered that such a plane had landed on the reported site but that it contained only the pilot.

Since the kidnaping of baby Lindbergh last Tuesday night 300 suspects have been questioned by police and released.

Authorities would neither confirm nor deny that a former Lindbergh employe was being sought for questioning.

Witnesses continued to stream into the emergency police headquarters for questioning by troopers. These included many who had worked on the construction of the Lindbergh homestead last fall.

MEN WOULD RISK LIVES TO RESTORE BABY TO MOTHER

(Continued From Page One)

fessed they had gone out on private searches of the vicinity since their arrival; one actually dreamed he had located the baby in a hotel room and announced the discovery to Mrs. Lindbergh at once.

These are romantic attitudes for supposedly prosaic men who have dealt in crime and criminals for long years without feeling the passion of personal interest in the outcome of a case.

Anne Lindbergh, with her stoical calm, her determination to remain well for the sake of another baby as yet unborn, is a lady in distress whom any man must wish to rescue.

"She is doing beautifully," a friend told this reporter today.

"She and her mother are cut from the same cloth. They are not the type to weep and wail. They use their wits. So far as I know, their health is keeping up, too. They are wonderful women."

No one outside the family has seen Mrs. Lindbergh or Mrs. Dwight W. Morrow, her mother, except Governor A. Harry Moore of New Jersey, and he painted the picture of two tormented souls held calm in the grip of two powerful minds. News of their reaction was relayed to this reporter through a close friend of the Morrow family, who hears daily from them by phone.

"No Election" Is Final Ruling On Alabama Voting

Senate Committee Refuses To Approve Of Bankhead's Election To Senate

(International News Service)

WASHINGTON, Mar. 4—The senatorial election in Alabama in 1930, in which John H. Bankhead of Jasper, defeated Thomas J. Heflin of Lafayette, was today declared "no election" in a report submitted to the Senate privileges and elections committee by its chairman, Senator Hastings (R) of Delaware.

Hastings said the evidence submitted showed a "universal disregard by the election officers of the election laws of the state."

"I realize it is a serious matter for the United States Senate to declare this was no election in Alabama in 1930," he added. "I do not see, however, how it can be avoided without approving the shocking facts disclosed by this record."

They've Never Tasted a Tonic!

THESE are *not* patent medicine children. Their appetite needs no coaxing. Their tongues are never coated, cheeks never pale. And their bowels move just like clockwork, because they have never been given a habit-forming laxative.

You can have children like this—and be as healthy yourself—if you follow the advice of a famous family physician. *Stimulate the vital organs.* The strongest of them need help at times. If they don't get it, they grow sluggish. Dr. Caldwell's syrup pepsin is a mild, safe stimulant.

When a youngster doesn't do well at school, it may be the liver that's lazy. Often the bowels hold enough poisonous waste to dull the senses! A spoonful of delicious syrup pepsin once or twice a week will avoid all this. It contains fresh laxative herbs, active senna, and pure pepsin, and does a world of good to any system—young or old. You can always get this fine prescriptional preparation at any drug store. Just ask them for Dr. Caldwell's syrup pepsin.

Get some syrup pepsin today, and protect your family from those bilious days, frequent sick spells and colds. Keep a bottle in the medicine chest instead of cathartics that so often bring on chronic constipation. Dr. Caldwell's syrup pepsin can always be employed to give clogged bowels a thorough cleansing, with none of that painful griping, or burning feeling afterward. It isn't expensive.

To Gain, a Child must EAT

Mothers, it is not the stomach, but a bowel condition that keeps so many children from eating.

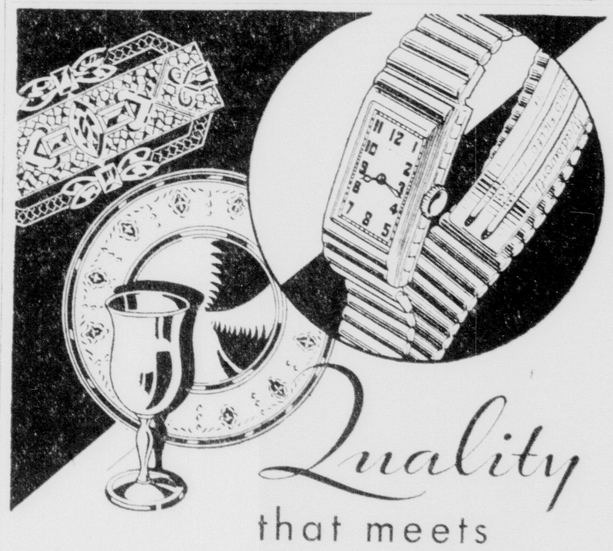

Parents shouldn't coax a child to eat. Nature knows best. *Healthy children are hungry.* If pale, listless, and without appetite, they have *stasis.* Not to correct this sluggishness is *inexcusable.* Read what the "California treatment" is doing for ailing, sickly children all over the United States!

Nature provides a simple remedy for stasis. The only "medicine" required is some pure California fig syrup. It stimulates a sluggish child's colon muscles *and has no effect whatever on the twenty feet of intestines which strong purgatives paralyze.*

Start this wonderful treatment today. Any druggist has California fig syrup, all bottled, with directions. Use enough the first time to cleanse the clogged colon of every bit of poison and hard waste. Then just a little twice a week until the child's appetite, color, weight and spirits tell you the stasis is *gone.* It may take four weeks if a child is all run down, but isn't it well worth it, to have constipation *conquered?*

CAUTION

Some stores will try to sell a substitute, even when it is for a child! Be sure you get the real California fig syrup.

MR. COOLIDGE APPEALS TO HIS COUNTRYMEN

IT WOULD be difficult to find any man in the United States better fitted to warn the people of the dangers of hoarding than former President Coolidge. No one, by the wildest stretch of the imagination, can picture him as a spendthrift. During the days of our greatest prosperity he was constantly preaching the gospel of economy. He warned employes of the government of the dangers of reckless spending and by his wise policies cut down expenditures and made amazingly large reductions in the national debt. In a word, he was the great exponent of thrift.

Now that same Mr. Coolidge points out the wisdom of spending. But his particular appeal is to the hoarders of the nation. He points out that the foolish practice of hiding currency has played its part in impairing business, closing factories and causing much unemployment. "Everybody," he says, "at this time should keep on hand only what money is actually needed. All other money should be put to work. It can be deposited in a sound bank. It can be used to purchase the new treasury certificates, which will be sold by banks and will pay two per cent interest. They have back of them a security as good as that back of all the paper money."

What the former president states is familiar to informed persons, but he has the facility of saying obvious things in a way that impresses their meaning on those he is addressing. Why should any person put money in a hiding place for fear of losing it when it may be put into a bond that is as safe as the government? In the face of that statement anyone holding money is doing not only a wrong but a stupid thing. Those who follow his advice in this matter by putting their money into circulation will assist the government, improve credit, encourage business and provide work for those who sorely need it.

MOST PREVALENT AILMENT

There is no greater service medical science can do mankind than by discovering the germ or whatever it is that causes that most common of human ailments, the cold, yet doctors know less about the common cold than about many other of man's ills.

Almost everybody has at least one cold a year with consequent discomfiture and loss of work. The economic loss from colds is enormous for it is estimated that more than half of all the time lost through sickness by employes is due to bad colds.

Greater impatience with the progress of science has not been shown than that to which the cold-sufferer gives vent between blows and sneezes. The victim of the cold germ cannot understand why science has failed to exterminate this pestilence or to give man an effective weapon against it.

A survey by the public health service at Washington has disclosed that colds are apparently contagious, that they are most prevalent in all parts of the country during the same periods of the year and that they are most epidemic in October and January and the least prevalent in June.

If this government bureau aids medical science in discovering an infallible preventive or cure for colds it will be at least one bureau that will have justified its existence and the expenditure of public funds in its maintenance.

PUBLIC COMMISSIONS

It will doubtless interest a great many people who have been led to believe that there has been more "government by commission" under President Hoover than under any of our other presidents to learn that there have been fewer commissions appointed under this administration than any other one of recent years with the possible exception of that of President Harding. The following is the record:

President Roosevelt 107.
President Taft 63.
President Wilson 150.
President Harding 44.
President Coolidge 118.
President Hoover 44.

Of the 44 commissions set up under the Hoover administration 24 were created by congress. Of the 20 created directly by the president or upon his recommendation 12 have completed their tasks and have been released, and only two are other than temporary. Only four of those created by the president have been paid by the federal government, the remainder either cost nothing or rely upon public support.

It will be seen, therefore, that even if the appointment of commissions were a reprehensible matter President Hoover has given less cause for complaint than any other president of recent years with the exception of Harding.

But, as a matter of fact, in a business so vast and complex as that of the federal government a large part of the research work necessarily is carried out by special commissions and committees delegated to undertake a given subject and to report to the president or to the congress. They also act for the coordination of government activities, recommend policies, represent the government abroad or at national functions and exercise semi-judical or semi-legislative powers delegated by the congress. Always a majority of these commissions are created, not by the president but by congress upon its own motion. They have long been recognized as a useful instrument in carrying on the work of the government.

All Of Us

When Any Man's Sick
He Wants Sympathy
And Rarely Deserves It

When a man's under the weather, of course he doesn't want to be treated like a baby.

But he would like a little human sympathy.

Naturally he doesn't want the entire house turned upside down just because he's suffering a little and has had to go to the doctor.

No, he doesn't want that. He doesn't want pity, he doesn't want too much fuss made over him. He'll bear his pain like a man. He'll be—as much as possible—like the Spartan youth who carried a fox in his breast and did not murmur as the ungrateful beast gnawed at his vitals. . . . But he would like a few kind words.

* * *

Here he is—the bread-winner—the head of the house (as he is called) — and he's not feeling very well these days—and people are treating him as if he were a criminal.

(Somewhere he read—it was in Samuel Butler's "Erewhom"—of an imaginary land in which you were fined and flung into jail if you dared to get sick.)

He's being reminded in various ways that he should have gone to the doctor long ago. He knew he should have had those tonsils out last year. He should have taken care of himself.

And why didn't he?

There seems to be a general opinion throughout the house that he isn't as sick as he thinks he is.

* * *

Well, a man ought to know how sick he is! If anybody does, he certainly should . . . and he ought to have a little attention. Of course, he doesn't want people running around like chickens with their heads off. That would be too much to expect. . . But they might realize that father isn't well.

Instead, people seem to think it's a joke. Perhaps not a joke, exactly, but nothing to be taken very seriously. He's got a bad cold, or a headache, or something like that, and he'll be back on the job in a few days—and if he's babied he'll begin to think something serious is wrong with him.

Yes, that's the way the family treats father and he sort of resents it. Of course, he can't show his resentment. That wouldn't do at all. It would make him ridiculous.

But he could stand a little less of sensible advice and a little more human sympathy . . . Honestly, he could.

* * *

(But deep down underneath he knows that he's neglected himself and acted as if he were immortal and deserves everything that's coming to him . . . But he'll not be admitting that.)

SEEK EXPERT ADVICE

How about it, hasn't the old physical machine given evidence recently that it needs some expert attention?

Several attacks of a similar nature should convince you that something is wrong.

You have used makeshift remedies for temporary relief but recurrence is proof that you have never removed the cause of the attacks of illness.

When your automobile develops conditions not quite right you know very well that you can't trifle with its mechanics, because trouble in one part wears out another and soon the thing is a wreck.

Isn't your physical machinery infinitely more intricate and worthwhile?

To put off a thorough examination by a physician or surgeon in whom you have confidence only gives your ailment more time to develop to a serious stage.

Finally it may be too late to get permanent relief and who is to blame?

You have not had the courage to face what doctor might tell you.

Nature has given plenty of advance warning and you are neither true to your family which needs you or to the physician you may employ later; for the best doctor or surgeon cannot perform miracles.

If you have brains and sense show it by following expert advice.

But the great wall wasn't a failure. It did precisely what it was supposed to do. It kept out the northern barbarians. If some policy adopted by Washington and his fellow patriots to make America safe from invaders served that purpose still, wouldn't you call it a success? Well, the Chinese wall served its purpose for a longer time. Why, then, call it foolish?

WHAT KILLED THE EAGLE?

Some shepherds once saw an eagle soar out from a crag. It flew majestically far up into the sky, but by and by became unsteady, and began to waver in its flight. At length one wing dropped, and then the other, and the poor bird fell swiftly to the ground.

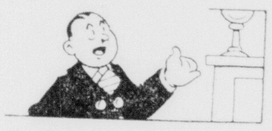

The shepherds sought the fallen bird and found that a little serpent had fastened itself upon it while resting on the crag. The eagle did not know that the serpent was there. But it crawled through the feathers; and, while the proud monarch was sweeping through the air, its fangs were thrust into the flesh, and he came reeling into the dust.

It is the story of many a life. Some secret sin has long been eating its way into the heart, and at last the proud life lies soiled and dishonored in the dust.

Conservatism Of Labor Men Expected To Check Valera

New President Of Irish Free State, Although Extreme Nationalist In Theory, Is Dependent On Coalition, Say Americans

Americans give much attention to the prospects of a change of policy in the Irish Free State, as a result of the election of Eamonn de Valera as President. The man who has been the extremist in Ireland throughout the administration of President Cosgrave is placed in a position of responsibility, but is expected to follow a more cautious policy while holding office. One factor is the Labor party, on which he is partly dependent, and which is influenced by economic considerations and opposes radical moves in the direction of independence.

The PHILADELPHIA EVENING BULLETIN observes that "Mr. de Valera himself has indicated that his program for economic independence does not mean that he is not desirous of negotiating with Great Britain a trade agreement favorable to the Free State, and that for that purpose he may consent to send a delegation to the Ottawa Imperial Conference in the coming summer." The RUTLAND HERALD believes that "the extreme de Valera wing probably will not be allowed to disrupt the Free State government."

"De Valera and his colleagues," says the NEW ORLEANS ITEM, "have a parliamentary margain over Cosgrave's Free Staters, with some independents and Laborites in the mid-field. They will naturally have to go through a lot of the motions of asserting their old principles, but that does not necessarily mean a reversion to the bitter, bloody, and destructive manifestations that for centuries kept the Green Isle poor and depleted it of many of its best sons."

"We may expect orderly progress and development to continue as years pass," according to the SCHENECTADY GAZETTE. "De Valera's success at the polls is a tribute to his determination, to his unwillingness to admit defeat. A member of the minority or opposition for years, beaten time and again at the polls, he has continued its fight until success has crowned his efforts." The BALTIMORE SUN forecasts that Ireland "is in for a period of delicate and elaborate political maneuvering, but for no especially sensational developments." That paper recognizes that "by holding the exact balance of power, Labor controls the situation, and De Valera finds his hands tightly bound in so far as any radical 'republican' measures are concerned."

"Labor has let it be definitely known," records the HAMILTON (ONT.) SPECTATOR, "that it will support the Anglo-Irish treaty, and De Valera cannot get along without Labor; but he counters with a suggestion that abolition of the oath could be brought about by a change in the constitution, without affecting the Irish treaty. This is a precarious maneuver, and it is evident that the president is going to have a very difficult time of it maintaining himself in office."

"Small doubt that Mr. de Valera and the Fianna Fail were aided materially by Ireland's reaction to the contagion of nationalism, that is sweeping Europe," is seen by the NASHVILLE BANNER, but that paper finds it "unlikely that the course of the Irish Free State will be immediately or fundamentally changed," since "De Valera and the Gianna Fail appear to have been considerably taught and modified by the years, and there is small question, if any, of their sincerity."

"There is a certainty," in the opinion of the SCRANTON TIMES, "that there will not be any return to the distressing times which preceded the setting up of the Free State government, and a general belief that De Valera will, for all his republican declarations, proceed along Constitutional lines." The HARTFORD TIMES holds that "there is little reason to believe that the new Parliament will contribute anything serious to the unrest of the world." The LOWELL EVENING LEADER believes "it is not clear that to sever all relations with Great Britain would be to their advantage." Emphasis is placed on the restraining influence of Labor by the ROCK ISLAND ARGUS and the SPRINGFIELD (MASS.) UNION.

"Ireland, which for 700 years was poverty stricken," remarks the DAYTON DAILY NEWS, "is more prosperous now than any other country in Europe. Cosgrave has been a far-seeing man, sensing the wealth of old Erin's natural resources." The NEW YORK SUN calls it "a comparatively fortunate land in a time of widespread misfortune." The NEWARK EVENING NEWS concludes that "Mr. Cosgrave may retire content in the knowledge that his job was well done." The BUFFALO EVENING NEWS remarks that "Ireland has become the only corner of Europe which is not exhibiting difficulties."

Pointing out that De Valera was born in New York, the PROVIDENCE JOURNAL voices the interest of America in the selection, and adds: "He is no mere agitator, but a serious-minded student and teacher. He believes with all the vigor of a determined nature in the absolute separation of Ireland from English control, but apparently he does not intend to push the independence movement as far as that at present. In the campaign just closed he stressed the necessity, as he saw it, of relieving Free State citizens from formal allegiance to the British King, and we may expect to see legislation to that effect promptly passed at Dublin. The oath prescribed in the agreement of 1922 will presumably go by the board. Political prophecies are dangerous, like most others, but it is a fair guess that the new Free State Government will tend to become more constructive and conservative than some of the platform utterances and printed policies of the Fianna Fail party have been in the past."

"The Irish Free State," advises the ROCHESTER TIMES-UNION, "is already benefiting, and bids fair to benefit still further, from the drift toward protection and imperial preference in Great Britain. This is the very time when a fight such as Mr. De Valera might like to wage would be most foolish and costly. Irish practical wisdom will, it is hoped, triumph over Irish sentimentality."

ODS ROPE AND WATER

The story is told about two men who, in the old days in the West, formed a partnership for the purpose of cattle "rustling" and operated together until they were caught by the Vigilantes' committee. The next step, of course, was a lynching bee, and the two thieves were taken to a bridge for hanging.

As the first one, with a rope around his neck was cast off, he fell into the river. Being a good swimmer, he swam downstream and escaped. When the lynchers adjusted the rope around the other fellow's neck, he said:

"Boys, I wish you'd be careful with that rope. I can't swim a stroke."

THE TOWN BOOSTER

In all of my many travels, and I've ridden the rails for miles,
I've noticed in town or in city there is always the man who smiles;
Some one with an eye that twinkles, though humble his place and drear,
And signals the worried stranger that counsel and help are near.

That smile is the same land over, 'Tis friendly and warm and true,
As though Boston and San Francisco the ways of the other knew.
It is seen at the railroad station, it brightens the steamship pier,
As it flashes the cheering message: "Come in, you have nothing to fear."

He may be a red-cap grinning; he may be the man at the gates;
But still at the city's threshold with a welcoming smile he waits;
And I know as I take the highway I'll find at my journey's end
That smiling and kindly stranger, who is willing to be my friend.

Oh, whether it's town or city, the man with the smile is there.
As if the good name of his people had become his particular care.
Though many may pass unheeding, and at strangers the thoughtless frown,
There is always that smiling native to welcome them into town.

THE PARENT PROBLEM

Activities Of Groups Aid Bullies

How Youngsters Are Taught To Be Good Sports

By GARRY C. MYERS, PH. D.
Head Division Parental Education, Cleveland College, Western Reserve University

If a neighbor's boy twelve years old or over is a bully toward your children who are younger and weaker than he is, you have no easy problem. However much you would like to discipline that bully you will not, if you are wise, try to do so. Neither will you tell his parents how he should be disciplined. You will be more practical and adroit. Without approaching the matter at a time just after the boy has annoyed your children, without connecting the suggestion with the boy's behavior, tell his parents of the opportunity he has to join the Boy Scouts, what good fun the Scouts afford a boy and what useful things a Boy Scout can learn.

Some girls, too, are bullies. Girl Scouts for them, or the Camp Fire Girls. In some communities there are such organizations as the Cubs for younger boys and The Bluebirds for younger girls. Also there are clubs particularly for boys run by the Young Men's Christian Association, Young Men's Hebrew Association, and the Knights of Columbus. In addition are other similar clubs for boys and for girls by local churches.

Of course the bully may be your boy or mine, though we parents are not very likely to recognize the fact.

* * *

Scouts and similar organizations not only offer an opportunity to salvage the bully but, better still, to keep boys and girls from becoming bullies.

Any activity which assembles a number of these boys or girls for common purposes in terms of lofty, useful ideals, lead them to desire to be likable social creatures. They learn that selfishness is disapproved by the group, that the spirit of "after you" is approved, and that reasonable humility and consideration for the rights of others wins favor for a Scout. Sportmanship, which is the opposite of bullying, is put foremost.

I can testify to the splendid influence scouting had on my oldest boy now in college, who along with scouting had been a club member in the Y. M. C. A. His younger brother is impatiently awaiting the time when he also can be a Boy Scout.

* * *

A little while ago while lecturing in Wilmington, Del., I visited the Y. M. C. A. building there and discovered that whereas most such buildings are planned for men, this one was made especially for boys from 9 to 14; that, moreover, the whole program put boys first. I believe the Wilmington Y is on thhe right track. What do you think about it?

General Salary Reduction Asked By Pomona Grange

Adopt Resolution At Recent Meeting Asking Relief From Tax Burden

At a recent meeting of the Lawrence county Pomona grange resolutions were adopted urging that county and state officials act to reduce the burden of taxation by reducing their own salaries and those of others employed by the county and state.

Their resolution follows:

The Resolution

Whereas—The farmer has been compelled to accept a much lower price for his products and is suffering from an excessive burden of taxation: and

Whereas—It takes more than twice as much in bulk or in number of pounds of his products to meet this excessive burden of taxation than in years past: and

Whereas—There is no prospect of an advance in the receipts from his products for years to come; and,

Whereas—Our county officials, whose salaries are fixed by state laws, are receiving salaries that were increased during times of prosperity for their services, while the farmer is receiving less than half as much for his products as he did at the time that these salaries were fixed:

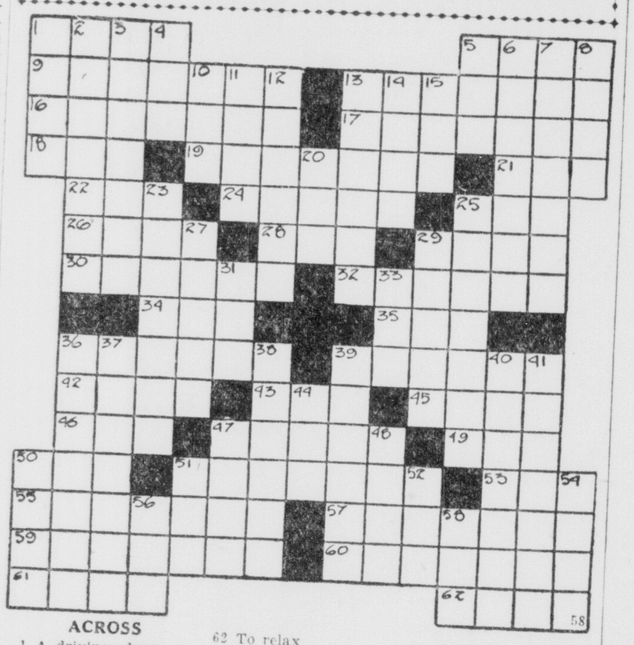

Therefore be it,

Resolved That in Pomona Grange assembled, do hereby ask that all our county officials whose salaries are fixed by state laws return to the county treasury a reasonable amount of their monthly salaries and thus help to relieve the excessive burden of taxation now being borne by the farmers.

And further be it,

Resolved—That we will not support any candidate for either the State Senate or the General Assembly who will not pledge himself to faithfully work for such revision of our state laws as will bring about a reasonable reduction of salaries of all persons receiving salaries which are fixed by the laws of the state.

Erie May Have To Sell Properties To Raise Money

Rubber Company Magnate Demands Payment Of $100,-250 Due On City Bonds

(International News Service)

ERIE, Pa., Mar. 4.—Pressing of a suit filed by T. R. Palmer, president of the Continental Rubber company, to collect $100,250 due him on city bonds will result in an upheaval of real estate values here, it was predicted today by Finance Director Thomas Mehaffey.

Palmer filed suit to collect on bonds he alleges were defaulted by the city at date of maturity.

If the suit is carried forward, Mehaffey said, the city will have to sell at a sheriff's sale scores of properties to collect money for redemption of the bonds. "The securities were issued for municipal improvements made in recent years.

Forced sale of the properties, the finance director declared, will result in a general reduction of real estate values.

M. U. F. Campaign Starts On Monday

Attorney Clarence Patterson Delivers Address At Chapel Meeting Thursday

Arrangements are made for what appears to be the largest and which will prove the most successful "M. U. F." campaigns in the annuals of New Castle high school. The "M. U. F." means "Move Up Forward" and is for boys of the junior and senior classes in high school.

The campaign will actually start at Senior high school, March 8 and will not end until Thursday when all interviews will have been made. The campaign is sponsored by Senior Hi-Y of the Y. M. C. A. and the Kiwanis Vocation Guidance committee of this city.

A feature of the coming campaign was an address Thursday by Clarence Patterson to the Juniors and Seniors at the chapel meeting at high school. He spoke on "Choosing a Vocation."

Professor Robert Mills explained the meaning of "M. U. F." and Jack Cole, president of the Hi-Y was in charge of the service. Professor F. L. Orth made the announcements.

Ailey Conducts Details

Robert Ailey will have charge of all the detail work of the campaign which will open at the Senior high school March 8, commencing at noon.

"M. U. F." is for boys of the junior and senior classes in the high school. It is an apportunity no boy can afford to miss. It gives him a chance to interview some Christian thinking man on any subject of life vocation that he may wish.

Many boys wander several years before they are able to locate themselves in the right line of work.

"M. U. F." serves to eliminate this sad state of affairs among young people. If a boy has had an interview in former years, he may choose another one this year, with a different interviewer along a different line.

Interviews on electrical engineering, law, medicine, dentistry, business, accountancy, banking, ministry, priesthood, Y. M. C. A., physical culture, college preference, civil engineering, aeronautics, and many other subjects that the students choose, will be arranged for with men of those professions, so that the student will have a large field to choose from.

Indian Tells Of People Who Inhabited District

Prince Ekuskini, Sachem of Tellico, American Indian, who is known to many people of this city and Youngstown by his Americanized name of Eugene Gavin, and who has written most entertainingly concerning the Indian History of this district in previous issues of The News, has been spending a short time in the Wampum district and takes this opportunity of acquainting the people here, concerning some things that he has learned since being there. His article follows:—

By PRINCE EKUSKINI
(Eugene Gavin)
Sachem of Tellico

At one time Lawrence county teemed with thousands of Indian inhabitants, who roamed over the land and navigated the Mahoning, Beaver, Connoquenessing, Neshannock and Shenango rivers.

They were hunters, trappers and fishers and traded with the paleface people who later settled in the country. The tribe which resided here most was the Lennie Lenape Indian Nation. It was this tribe that founded the town of Kus-Kus-Ki or New Castle as it is now called. It was then an Indian trading center, and the capitol of the Delaware Indians in Western Pennsylvania.

The Indians had many trails and water-routes they used extensively. At one time there was a trail that followed the rivers from Pittsburgh to Youngstown.

Indians Built First Church.

Six miles from New Castle, on the New Castle-Beaver Falls road, there is a large rock, with a tablet on it, that marks the exact spot, where the first church in Lawrence county was built by the Indians after they were converted to the Moravian Faith by Bishop Ziesberger.

Surrounding this church were the dwellings of the Indian converts, who numbered about 110 at that time. They called their village Languntoutenounk, which is translated the "City of Peace".

These people were more industrious than other Indians, for they cleared off the ground around their village and planted potatoes, corn, beans, peas and tomatoes. Each member of the mission built his own log-house, which consisted of a single room with a fireplace, a bed, a chair, and a table aside from that there were no other articles of furniture.

Move To Ohio.

The Moravian Indians resided here from 1770 to 1773 when they moved to Schoenbrunn and Gnadenhutten in the Tuscaroras valley. Prior to that time they had a mission at Wyalusing before their removal to Lawnakhannek.

About this time there was an Indian Sachem or King, who resided at New Castle, who was called Pack-an-ke in the Indian tongue and King Beaver in English. Pack-an-ke was a friend of the missionaries and gave them land on which to live and although never converted himself, he always protected the missionaries and their converts from the hostile Indians.

Had it not been for Pack-an-ke's valuable co-operation with the Moravians, missionary work in this county at such an early date would not have been possible.

Wampum Named By Indians.

Wampum is much older than most people think, as the Lennie Lenape Indians lived there and hunted the deer, elk and moose for a long time prior to the arrival of the paleface. This settlement was almost as large as the Indian town of Kus-Kus-Ki (New Castle) and possibly has several hundred settlers at one time.

The village of Wampum located on the Beaver river was named for the Indians who wore the Wampum belt, Wampum being a medium of exchange, with which the Indians and Whites traded. I have it on reliable authority that there was once an Indian leader who lived there, whose name was Prince Wampum and that it was from him that the town derives its name.

A few days ago, I visited the grave of this Indian brave, which is situated in Wampum Hollow on the Darlington road. From a distance it appears to be nothing more than a hill approximately twelve feet high by seventy feet in circumference. There is no doubt about this being a grave, for it is evident from its appearance that the earthwork is not a natural formation.

On the west side of Wampum there is a large mound near the Pennsylvania railroad, which was undoubtedly used by the Indians for religious and ceremonial purposes. It is even probable that they buried their dead there. Many arrowheads and flint objects have been found hereabouts by the settlers in the past, which confirms my belief in its authenticity.

The Gold Myth.

Some of the old timers believe that the Indians buried treasure near Wampum. I have heard stories "about a pot of gold" and a "silver mine" once operated by the Indians.

A few years ago, a party of townspeople equipped with a shovel, pick, lantern and mineral ball, set out to find the treasure. They had such complete confidence in themselves and the success of their venture that they even carried a bag to put the gold in, should they find it.

Being as they were of a superstitious mind, they agreed to start at night, and not utter a sound after they reached the spot, until the pot of gold had been found.

Arrived at the spot where the pot of gold was supposed to have been buried, they began to work and continued for sometime, when at last one of them thinking he had reached the treasure cried out "We've Got It." At that there was a grating sound under them and the hole was empty. As it was useless to continue digging, the treasure hunters returned to their homes and never sought it again.

On the spot where the village of Edenburg now stands, there was once a powerful Indian Fort, which had several hundred warriors at one time and was used by the Indians of New Castle for defense against their enemies, or for offensive purposes in time of war. There are still marks of the tomahawk upon it, where the Indians circled around the fort and performed their war dances.

Past Presidents Night Is Success

New Castle Circle P. H. C. Has Notable Program—Some Of History

Past President's night as observed by New Castle Circle No. 5, Protected Home Circle, on Wednesday night, adds another red letter event upon the record of the Circle as one of the fost inspiring sessions ever held in the Circle chamber.

It will be a matter of interest to the members and friends of the Circle as well that I add something regarding the organization of the local Circle instituted on November 30th, 1886, with Rev. H. C. Hall, the first Supreme President of the order and A. W. Williams as secretary of Sharon presiding.

In consulting the charter of No. 5 the secretary finds that out of 29 names there inscribed there are but four of these members living and are Hannah Waddington, Julia Vogan, T. A. Patterson and Past Vice President Sarah Waddington Sillman. The charter members were: Winfield S. Mitchell, Renilla Shoaf, Charles W. Waddington, Sarah E. Waddington, Charles P. Norris, Lucinda Longacre, Elizabeth Norris, Sarah J. Rhodes, James M. Long, Julia A. Vogan, John P. Hervey, Wm. Edmonds, A. M. Vogan, Hannah Waddington, C. H. Lee, Ben C. Rhodes, Jacob Reebel, Thomas Waddington, T. A. Patterson, Emma C. Fulerton, T. M. Whitney, Mary Robinson, Minnie Edwards, S. M. Young, James Glass, Sarah A. Rebel, John Fulerton, Anna King and Sadie Patterson.

The first insurance claim paid by the supreme directors at Sharon was that of A. M. Vogan.

The session of Wednesday night was of interest throughout. President Harry Mehlman called the Circle to order in due form and then asked the regular officers to vacate their stations. With Past Presidents Gladys Erwin and Mildred Rodgers as guide and companion the following past presidents were escorted to their stations to preside:

Past President—A .L. Conn.
President—Jos. S. Rice.
Vice President—A. W. Allshouse.
Accountant—George W. Muse.
Secretary—Lillie B. Jones.
Treasurer—George W. Wyman.
Guardian—Belle Kennedy.
Chaplain—Grace Hoover.
Guide—L. E. Dandy.
Companion—Roy E. Erwin.
Sentinel—Gladys Erwin.
Watchman—Helen Ray.

A feature of the event was the presence of Sadie Waddington Sillman, Past Vice President of the Circle and as an honor guest and charter member. She was received with a shower of applause. In her address she recalled her pleasant association with the local Circle for years and congratulated No. 5 for its continual progress, for a fraternal organization, for the protection of others. For "the good of the order" State Deputy Henlein of Erie also added snappy remarks and the violin numbers by Raymond Johns and Ellis Parks won hearty applause. Emery Back is no stranger in the Circle and made his violin speak, while Joe Russo made a big hit with his accordion numbers. The session closed with remarks from the past presidents and later lunch was served. On Wednesday, March 16th the Circle will hold a St. Patricks party to which members and friends of the Circle are cordially invited. There will be no admission charged for this dance and a large attendance is expected. Come and we will treat you right.

LILLIE B. JONES,
Secretary.

Westminster Paper Protests Against Presumption In Local District Athletic Revisions

(Special To The News)

NEW WILMINGTON, Pa., Mar. 4.—The Westminster Holcad, student weekly newspaper, carriers a biting editorial this week entitled "Simplifying Simon Pures," which hits at the presumption which surrounds publicity concerning athletic policy changes by various colleges in the district.

"It seems a bit curious," the editorial says, "to grab front-page publicity for doing something which simply has to be done. Westminster last fall cut down football scholarships, purposely dropped most of the members of the grid team who had previously won letters, and had on the squad mostly freshmen, many of whom were high school honor students."

"What happened? When the 'simon pures' were able to defeat the freshman outfit Westminster put on the field, they crowed loud and long. Some very generously attributed the weakness of the Titan team to poor coaching."

"We are just about fed up on district attitudes of this particular type. What success Westminster has had in athletics, as those on the inside know well enough, has been due to good coaching, to making bricks out of straw, to working without sufficient equipment but without alibi. If we continue our athletic policy of the past, we shall be right where some other district schools claim they will be next fall."

Thomas Cunningham, local florist, was chosen head of the Lawrence-Mercer-Butler Florist's association at its meeting last night at the Caldwell farm, Mercer-Greenville highway. A large number of florists attended.

LIBRARY FUND CHANGE SOUGHT

Sharon Voters To Pass On Proposal To Cut Expense On April 26

SHARON, Pa., Mar. 1—A proposed change in the system of operating the Sharon Free Public Library will be put to a vote at the spring primaries April 26, Mayor J. Fred Thomas announced today. Because of the high cost of operating the library, including a fuel bill of $850 for the past year, an immediate change is desirable, the mayor and members of council agree, and an ordinance placing the issue before the voters probably will be approved at the regular meeting of council next Tuesday, so that the question may go on the primary ballots. At present the institution is managed by a board of directors, appointed by council, but over which the city officials have no control. A tax levy of one-half mill is assessed on city property to provide funds for the library. On this year's valuation the revenue will be $9,765, which Mayor Thomas and councilmen say, is an excessive amount.

Italian Mothers Hear Talk About Hygiene, First Aid

International Institute Club Enjoys Meeting Last Evening At Y. W.

A group of members of the Italian Mother's club of the International Institute met Thursday evening in the Y. W. C. A. with the Italian secretary, Miss Espedita Abruzzini, and heard a most interesting address by Dr. Mildred Rogers. The meeting took place in the Green Room.

The president, Mrs. Anna Casacchia presided. Reports were given by the secretary and treasurer, followed by the presentation of five new members. The president explained the new duties and outlined the club program. Then the speaker was introduced.

Dr. Rogers had as her subject: "Hygiene and First Aid." In her usual clear and easy way she spoke of different cases requiring emergency care, explaining what to do and how to do it. She emphasized that mothers should be their own children's wise and intelligent instructors on matters concerning health and growth, and thus preventing them from getting information from unreliable sources.

The mothers asked quite a number of questions concerning their own children.

Mrs. M. Casacchia gave a few piano selections. Games were enjoyed, with Mrs. Nick Frasso in charge. The club will meet again April 7. The hygiene subject will be continued.

Praises Firemen For Their Work At Theatre Fire

New Castle firemen and Assistant Chief Stockman today were praised by Charles A. Bolen, plant superintendent, Bell Telephone company for the excellent fight they made at the Capitol theater blaze Sunday night in a letter Bolen sent to City Councilmen D. O. Davies and which was read during council meeting.

Bolen wrote that he desired to express his thanks and appreciation to the members of the fire department for the efficient work done at the blaze.

The exchange building, he said, was in grave danger of being damaged which would have had a disastrous result on telephonic communication in this vicinity.

Due to the efficiency of the fire fighters and the manner in which they were directed by Assistant Chief Stockman only minor damage was done to the exterior of the exchange building, Bolen informed Director Davies, director of public safety.

SLIPPERY ROCK, Pa., Mar. 4—Falling from the derrick of a well on his farm in Slippery Rock township, Carroll Miller, aged 60, was seriously injured yesterday afternoon. He was removed to the Homeopathic hospital in Pittsburgh.

Miller, who owns a farm in Slippery Rock township, was making repairs on a derrick. In some manner he lost his footing and fell to the ground.

For over an hour he lay on the ground in a stunned condition and finally regained consciousness. He was able to drag himself to the house where Howard Taylor, caretaker of the farm, observed him.

Miller is suffering from a fractured arm and head injuries.

MYSTERY CAVE REPORTED TO BE CIVIL WAR CACHE

War Treasure Is Found In Cavern On Turnbull Creek

(International News Service)

BURNS, Tenn., Mar. 4—This vicinity is excited over the reported discovery of a mysterious cave filled with a Civil War treasure, on the banks of Turnbull Creek, eight miles South of here.

The cave located in the woods was found by Louis Thompson while setting traps. Thompson said he entered the cave and in the entrance chamber was attracted by a stone on which was carved a hand pointing to the interior. On the hand appeared what he supposed to be a diagram of a cavern. Beneath the hand were chiseled the words "BEWARE THE RED HAND." On another stone was cut a face, wearing a long beard.

Following the direction indicated by the hand, Thompson entered another chamber and to his left found a stone wall, evidently fashioned by human hands. He tore away part of this wall and, examining the chamber behind the wall with his flashlight, saw a box about two or three feet in dimensions. He said he was unable to reach the box. Near the box lay what Thompson said be believed was a large pile of German currency.

On the side of the cave Thompson found the date 1860 carved into the rock.

Thompson has refused to disclose the location of the cave and said he planned to make further investigations.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

Down in Beaver Falls tonight we'll find out some more about New Castle high school's basketball team. Zelienople, already with one tournament win under its belt, is the opposition and said to have the classiest team of its history.

Coach Phil Bridenbaugh talked freely of the game yesterday at noon. He admitted there was to be a game and that New Castle would have five men on the floor. As to the outcome of the game he said that he hoped the Lindbergh baby would be returned soon.

A note from George Cooper to hand, and an invitation of all things. The invitation is to come up some time and he'll let me play with the buzz saw. Thanks, but we're fresh out of desire to play with buzz saws.

An invitation like that brings to mind an old time verse which you probably have heard. If you have, don't stop.

"Willie saw a buzz saw buzz
Like a bike and thought it was,
Willie's corpse is full of nicks,
Ain't he cute, he's only six.

Reciprocity is a splendid thing, and the reciprocal motor agreements between states oftentimes helps motorists. However, that reciprocity doesn't include goofy driving. Over in Ohio they waste little time dragging you in before John Law if you insist upon driving out of line, or passing on curves in the city streets.

In the past week there seems to have been a fresh outbreak of weird steering by Ohio drivers. One of them jammed another driver into the wall at Grant and Jefferson, yesterday we saw three accidents narrowly averted by their goofy antics, and while it isn't neighborly to jug a neighbor, something ought to be done to curb them.

Drive Against Hoarding Will Start Monday

Chairman Robertson Of Pittsburgh Announces Plan For Sale Of "Baby Bonds"

STATE DISTRICTED FOR COMING DRIVE

PITTSBURGH, Mar. 4.—A. W. Robertson, Pennsylvania chairman of the Citizens' Reconstruction Organization, this morning announced the personnel of his organization, which will carry out the campaign to bring idle money into circulation in this state beginning next Monday.

Simultaneous with this announcement came word that headquarters had been opened at 2124 Grant Building, which will be in charge of R. S. McCarty, advertising manager of the Philadelphia Company, who was named vice chairman of the state organization.

W. S. Linderman, president of the Duquesne National Bank, has consented to serve as treasurer of the organization.

The state of Pennsylvania has been divided into 13 regional districts, each district to be headed by a chairman. The campaign in the Pittsburgh district will be under the personal supervision of T. A. Dunn, president of the Pittsburgh Chamber of Commerce, and his district will consist of Pittsburgh and Lawrence, Butler, Armstrong, Beaver, Allegheny, Washington, Greene, Fayette, and Westmoreland counties.

The other regional district chairmen who have accepted are E. J. Bigley, Altoona district; Charles H. English, Erie district; P. H. Gadsden, Philadelphia district; and Edgar H. Maitland, Williamsport district.

Mr. Robertson stated that the other chairmen will be announced later. Each regional district chairman will appoint a chairman in charge of each county in his district, and the county chairman in turn will appoint a local chairman for municipalities.

In making his announcement, Mr. A. W. Robertson said—

"At least we have an investment which is perfectly safe. It may be recommended by the most careful person to anyone, whether they be mothers, grandmothers or invalids. No matter how desperately one may need his funds, they may be safely invested in the Thrift Bonds payable upon sixty (60) days notice by the United States Government. These bonds will undoubtedly be accepted everywhere the same as cash. They will be as good as gold. They should become instantly popular. Anyone having cash unemployed, and by this I mean not now invested or on deposit in banks, should go to his nearest bank and buy these bonds. His money so invested will not only be safe, but will also earn 2% interest".

The purpose of the campaign is to put idle funds to work either thru deposit in banks or investment in sound securities. In order to make available a short term government obligations in small denominations, the Treasury is offering an issue of United States Treasury Certificates, payable in one year, with interest from March 15, 1932, at the rate of 2 per cent per annum. The securities will be in coupon form in denominations of $50, $100 and $500, and will be redeemed at par and accrued interest at the option of the holder on sixty days advance notice, and surrender of the certificates with unmatured coupon attached. It is expected that these certificates will be available at the banks on Tuesday, March 15, 1932.

Jesus Washes His Disciples' Feet

"Brass Tacks" On The Sunday School Lesson

The Golden Text

The Son of man came not to be ministered unto, but to minister, and to give his life a ransom for many.—Matt 20:28

By DR. ALVIN E. BELL

(The international uniform lesson for March 6 is John 13:1-15, the subject being "Jesus Washes His Disciples' Feet," and the Golden Text Matthew 20:28, "The Son of Man came not to be ministered unto, but to minister, and to give His life a ransom for many.")

The "good man of the house" who gave Jesus the use of the "large upper room furnished" for their use in eating the Passover Supper thought he had made all adequate preparation when he left the pitcher of water and basin and towel at the door of the room. He expected, of course, that these would be used by one of Jesus' servants who called him "Master," otherwise, he would have provided one of his own servants to wash the feet of the Master and his disciples.

The Refusal to Serve.

The disciples all saw the bowl and the water, and they all knew they were omitting the commonest decency of their day in permitting their Master and their fellow disciples to go to that supper with their uncomfortable sandals, and feet defiled with the filth of the streets. But "there was strife among them, which of them should be accounted the greatest."

Everyone secretly resolved that he would not condescend to be the drudge for the company and remove sandals and wash the feet even of the Master. So the meal was finished with each maintaining his own dignity and refusing to stoop to render the menial service which was so painfully lacking.

Humility and Serving Love.

But, Jesus, though he knew that his deity made him infinitely superior to each and all of them, nursed no pride and despised no service however menial. "Knowing that the Father had given all things into his hands, and that he came forth from God, and goeth unto God, riseth from supper, and layeth aside his garments; and he took a towel, and girded himself. Then he poureth water into the basin, and began to wash the disciples' feet, and to wipe them with the towel wherewith he was girded."

It is the world's supreme example of humility and serving love; its most touching and tender rebuke to pride and selfishness.

The Supreme Service of Love.

Immediately after the example came the explanation: "Ye call me Teacher, and, Lord: and ye say well, for so I am. If I then, the Lord and the Teacher, have washed your feet, ye also ought to wash one another's feet. For I have given you an example, that ye also should do as I have done to you." This example of humility and serving love was in no sense an isolated act of the kind, but typical of his whole life in the flesh for 33 years. His incarnation was a girding of himself with humanity to assume the office of servant of all, even though it cost him the Cross.

St. Paul exhorts us to pattern after this example when he says: "Have this mind in you, which was also in Christ Jesus, who, existing in the form of God, counted not the being on equality with God a thing to be grasped, but emptied himself, taking the form of a servant, being made in the likeness of men, and being found in fashion as a man he humbled himself, becoming obedient even unto death, yea, the death of the cross." Thus he proved that "having loved his own, he loved them unto the uttermost."

Dr. Butler Is Denounced By Chicago Women

Dr. Nicholas Murray Butler, Scored For "Advocating Of Free Love"

(International News Service)

CHICAGO, Mar. 4.—Dr. Nicholas Murray Butler, president of Columbia University, recipient of the Nobel peace prize, was the object of scathing criticism by 10,000 women here today because of alleged "free love" discussions in his institution.

Aroused by the report that "free love" is advocated in a compulsory course at Columbia, Mrs. Charles Spencer Williams, social leader and head of the Episcopal Women's Diocesan Auxiliary, revealed today that a bitterly protesting letter had been dispatched to Dr. Butler.

Mrs. Williamson today revealed that the letter, endorsed by the 10,000 women of the organization, read in part:

"...It seems incredible that you, a christian and a churchman, would as president of your great university permit such a course to be given. That it should be required of all undergraduates is unthinkable."

Correct This Sentence:: "War might bring good times," said the jobless man, "but I'd hate to see it come."

SPARKLE BRILLIANTLY • LIKE DISPLAYS IN FINE SHOPS

REALLY, there is no secret how fine shops make glasses and china sparkle brilliantly... like costly jewels.

You do it this way.

Just add a teaspoon of *Climalene* to your dishwater. Then use only ¼ *the amount of soap* or soap flakes you ordinarily use.

Climalene *softens* the water and so takes away that greasy feeling that is so annoying in dishwater. It's the *grease* that makes glasses "streaked" and dishes "dingy."

Use Climalene wherever you use water for cleaning, in the *kitchen*, *laundry* and *bathroom*. You'll be glad you did.

Your grocer has it in a bright, shiny, blue box, in two sizes, 12 ounces for 10c, 2 lb. for 25c.

MEN'S BIBLE CLASS HEARS REV. JOSHUA

The Men's Bible Class of the First Methodist church held its regular monthly business session Thursday evening in the church, with Ralph S. Reed presiding. The evening opened with some hearty pep singing, after which routine matters were taken up and plans made for a family tureen dinner on Wednesday, March 16.

Rev. C. S. Joshua was the guest speaker of the evening and his theme was "If all the men of my class were just like me, what kind of a class would my class be?" and his talk held the interest of the group from the first to the last word.

The treat of the evening came at the end of the program when the men were invited to the dining room and here they were served piping hot gingerbread, which was freshly baked by Mr. and Mrs. Archie Gordon, with cottage cheese and buttermilk as its companions.

Many Veterans Have Sought Aid For Disabilities

Over Eight Hundred Aided In Presenting Claims For Various Compensation

Within the last thirteen months, 841 applications for monetary assistance have been filed with the Veterans Administration through the American Red Cross, it was made known by Secretary Orville Potter today.

These included claims for burial allowance, compensation, and pensions.

Of this number, around 250 were successful in having their claims acted upon favorably and are now receiving compensation from $12 per month up.

Since the first of January, 42 applications have been filed.

This service to the veterans is maintained at no cost to them whatever, no charge of any kind being made for the services rendered. The secretary of the Red Cross is a notary public and notarizes all forms which must be sworn to, free.

Close to $10,000 per month is being received by the veterans of all wars in the form of pensions and compensation, in addition to a large sum being received by the widows of Civil and Spanish war veterans.

A great number of the World War veterans would not be receiving this assistance if it were not for the invaluable aid rendered by the Red Cross. Many veterans have came to them doubtingly, in spite of the fact that they have had a legitimate claim for compensation and through the work of the chapter have received what they have been entitled to.

According to New York undertakers, the depression has even hit gunmen's funerals. The morticians of the metropolis feel that at the present rate of spending, it is hardly worth while for the gunmen to kill each other.—The Charleston (S. C.) Evening Post.

A&P ESTABLISHED 1859 WHERE ECONOMY RULES

When the founder of A&P sold his first pound of tea, he had the idea which made us successful—to eliminate unnecessary profits taken on food between the garden and the grocery shelf. Thus, tea which sold for $2 and $3 a pound was cut to $1 per pound. Today this direct buying and small profits applies not only to tea, but all of the 1200 items the A&P sells.

Conditions Are Changed At Honolulu Prison

(Editor's Note: Gilbert Parker, International News Service staff correspondent in Honolulu, has made an exhaustive study of the conditions underlying the now famous Massie case. This article is the first of a series of five, presenting the background of the trial due to start March 10 of the four Americans charged with the "honor killing" of a native.)

By GILBERT PARKER
International News Service Staff Correspondent

HONOLULU, T. H., Mar. 4.—Gay times at the territorial prison of Oahu have come to an abrupt end.

Gordon C. Ross, appointed high sheriff of Hawaii and warden of Oahu to meet the demand for a cleanup of island conditions that arose following the Massie case, rules the penitentiary today with an iron hand.

The Honolulu Citizen's Committee for Good Government, established to make the islands safe for white women, once charged that law enforcement lavity and the laxity at the prison were in no small degree responsible for the state of affairs that preceded the attack on Mrs. Thalia Massie, wife of an American naval officer.

It is for the killing of Joseph Kahahawai, one of the five men accused of having attacked Mrs. Massie, that Mrs. Massie's mother, Mrs. Granville Fortescue, her husband, Lieut. Thomas H. Massie, and two naval enlisted men will go on trial March 10.

Island conditions have admittedly improved since the Massie case. Sheriff Ross has put an end to "French leave" at the prison, and discipline has been enforced with military regularity.

The prison board, in a formal report, virtually admitted that it was a common practice for prisoners to take "vacations" from their cells over the week-end to visit their families.

So widespread was this custom that reports were circulated in Honolulu of a sign on the prison gate reading:

"All convicts not reporting back to prison by 8 a. m. Mondays will be locked out."

But that is all "pau" now, which is Hawaiian for "finished." Ross has introduced military rule in the prison, and the inmates, while not being subjected to harsh treatment, are learning that an iron hand is the directing force.

The lad was snatched by two men in an automobile Tuesday morning and was being held for $10,000 ransom.

Religious Books In Public Library Cover Wide Field

Variety Of Subjects Covered By Pastors Of Many Denominations

In looking over the new books in the New Castle Free Public Library, an impartial observer is impressed with the fairness which has characterized the selection of those on religion. For example: "Growth of the Idea of God," an historical study, (but not dry) by a Baptist, Dr. Shailer Mathews; "An emerging Christian Faith," of special interest to college students, a book from which one can quote with pleasure and profit, by a Methodist, Dr. Justin Wroe Nixon: "Pathways to Certainty," where is it found? in the Bible? in the Church? in Christian experience? by a Presbyterian, Dr. Wm. Adams Brown; "Meeting the challenge of modern doubt," by a Congregationalist, Dr. James Gordon Gilkey, and "Beyond Agnosticism," by an Episcopalian, Dr. Bernard Iddings Bell, Warden of St. Stephen's college, Columbia University.

A refreshing sign of the times is the fact that all of these books deal with essentials, engage in no "mud slinging," are constructive in tone, and are not loaded down with hard words, technical phrases, etc. This has been tested out for several of them have been read with enjoyment by New Castle people who have not had the advantage of a college education.

It is believed they will be read more widely in these times when a larger number of people have considerable time at their disposal for reading and when people are thinking about those matters which really do count in life.

Coxey Has Filed For President

(International News Service)

COLUMBUS, O., Mar. 4—Mayor Jacob S. Coxey Sr., of Massillon, veteran leader of "General" Coxey's army, today officially filed his declaration as a candidate for the Republican nomination for president.

Mayor Coxey, who recently announced that he also will be a candidate for U. S. Senator, simultaneously asked secretary of state Clarence J. Brown to place his name on the presidential primary ballot for use in the April 19 primary.

The U. S. Soldiers' Home in the District of Columbia was established in 1851 for the regular army.

Headaches And What Causes Them

Anatomy Of Head Is Conductive To Pain, Says Clendening

By LOGAN CLENDENING, M. D.

"Something must be the matter with me. I have a headache today and I almost never have a headache."

And then the other nine people in the room turn and look at this strange specimen who is not subject to headaches. Then each one begins to tell the next one about his or her own special headache—that pet headache.

That is about the proportion in which headaches are distributed among us. Nine people have what is called "my" headache, and one person doesn't have headaches and then all of a sudden he has one.

So in the course of time headaches are practically universal experiences of mankind.

Another thing that the scene teaches us that headaches do not indicate anything sufficiently serious to kill. One can carry a headache from the cradle to the grave, and while it may cause a good deal of disability and invalidism, it doesn't shorten life.

The question everyone wants to know is what causes headaches. And equally important is what will cure them.

It is not surprising, considering its anatomy, that the head should ache pretty often. For one thing, the head is for the body something like the bulb of a thermometer. It is the part of the body, more than any other, which makes you feel that you are hot or cold. It is more plentifully supplied with sweat glands than any other part of the body. Perspiration is thrown out on the face to cool it off because if it is cool the rest of the body will feel cool. In many other ways, the head is the sensitive bulb of the body.

Then, the skull has a peculiar construction in that it is a rigid, bony box. Inside this box is a non-compressible organ, the brain. Between the brain and the skull is a layer of fluid which varies in amount and pressure. And attached to the inside of the skull, keeping the fluid in place, is a membrane—the dura mater of the meninges—which is exquisitely sensative.

The brain itself does not feel: it has no sensation. But the meninges have. And we know when we draw some of the fluid off by doing a spinal puncture that a severe headache follows. So changes in pressure of this fluid cause headache. There must be many slight changes in pressure due to congestion or other things, which cause headaches more or less endurable.

Lastly, the head is just stuffed with structures which are liable to disease and strain—such as the teeth, the tonsils, the nose and its sinuses, the ears, and last but not least, the eyes.

So with all these things to go wrong or right, the wonder is not that we have headaches, but that we do not have more.

As to the classification of headaches—the kinds or varieties—that is a subject that has been threshed over again and again. We will discuss it tomorrow.

It was announced that plans were progressing for the young people's conference which is to be held at the First Baptist church, New Castle, Saturday, April 2, with the state young people's superintendent, E. H Bonsall, Jr., in charge. It was also announced that the New Castle district convention would be held in the First Christian church Thursday, April 7, with a rally of the women's adult classes of the city at the afternoon session and a rally of the men's adult Bible classes of the city at the evening service. Awards will be given at both sessions to adult classes having best attendance present. Among the speakers for the afternoon session will be Dr. G. S. Bennett, pastor of the convention church, and Rev. F. B. McAllister, pastor of the Baptist Temple of Youngstown, who formerly held two pastorates in this city. Rev. McAllister will also deliver the address of the evening.

Plans were also discussed for the annual county convention to be held at the Westfield Presbyterian church Thursday, June 9.

Miss Anna Perry stated that the annual administrative conference would be held some time in May.

Kidnaping Will Be Sermon Theme

At the evening service in the First Presbyterian church Sunday, Dr. Walter E. McClure, pastor, will preach on the theme "Did Jesus Teach Eternal Punishment?"

This theme had already been selected, and the sermon was under preparation when the little son of Mr. and Mrs. Charles Lindbergh was kidnaped.

"Nothing has happened in this land in many years that has stirred the hearts of honorable people as this terrible crime," says Dr. McClure, and his sermon will deal with such questions as: "What ought to be done with such criminals?" "What would God do with them in the day of His judgment?" and "What did Jesus teach about such people?"

Reformer Found Guilty Of Crime

Chicago Jury Finds Daniel L. Gilday, Guilty Of Assault Charge

(International News Service)

CHICAGO, Mar. 4.—Attorneys for 66-year-old Daniel L. Gilday today were perfecting the arguments with which they hope to obtain a new trial for the aged reformer who was convicted on a charge of assault to commit murder.

Gilday, who devoted many years of his life to the cause of prohibition and law enforcement, was found guilty by a jury late yesterday of shooting Herman Knol, 17, while he was admittedly inebriated. The elderly reformer faces a penitentiary term of from one to 14 years, the penalty fixed by the jury.

Science believes that in light-colored cages animals grow rapidly, while dark paint retards their growth.

Murder Probe Is Reopened Today

Murder That Occurred Back In 1927 Will Be Probed Sewickley

(International News Service)

PITTSBURGH, Mar. 4.—Silenced for more than four years, a new probe of the murder in September, 1927, of Joseph Vargo and James Toth, Moon Run miners, was under way today.

Seven men against whom Carl Jarak, Moon Run, and Mr. and Mrs. Samuel Porter appeared at a hearing before Justice of the Peace Margaret M. Morgan, of Sewickley, were detained to await trial.

The case was reopened at the request of Mrs. Margaret Diczhazi, of Cleveland, sister of Joseph Vargo.

Largest All-Welded Bridge In World

(International News Service)

WASHINGTON, Mar. 4—A new highway bridge in Pilsen, Czechoslovakia is reported to be the longest all-welded steel bridge in existence, according to Commercial Attache K. L. Rankin, Prague, Czechoslovakia.

No rivets or bolts whatever were used in its construction. The bridge crosses two railroad tracks and has a span of 161.4 feet and a width of 27.4 feet. The total weight is 145 metric tons, which is claimed to be 30 tons, or nearly 21 per cent less than a riveted structure designed for the same stresses. Loading tests made after completion of the bridge showed a deflection of 2½ per cent less than had been calculated, evidencing the great stiffness of welded construction.

This bridge represents a departure from ordinary structural steel practice in that gusset plates at connections are eliminated. Another interesting feature is the spiral ramp used as the approach at one end on account of limited space. The bridge was fabricated and erected by a local firm.

Pigs are the cleanest of all farm animals if they are allowed to be so.

LOTS OF PUNCH

Billy Sunday still has the same old punch he had when he visited New Castle about 23 years ago and packed the tabernacle we built for him. He's got the right dope on this prohibition issue, he says its not right yet and won't be until they take politics out of it.

My heart felt sympathy goes out to the Lindbergh's and I say if they catch the scoundrels they ought to hang 'em and I'd like to be the guy to pull the rope.

Well folks we have put the punch into our efforts to get a lot of good things together for you this week. Everything is of the highest quality. Just look at our prices on steaks, chops, roasts, vegetables and fancy groceries and you will realize that we have certainly done a good job of it. THIS RUSSIAN, 24, MAY BE ANOTHER MAN 'WITHOUT A COUNTRY'

(International News Service)

BOSTON, Mar. 4—Another "man without a country" appears doomed to spend the rest of his life on the high seas.

He is Serges Volonkoff, 24-year-old Russian, who was detained at the East Boston immigration station when he arrived as a stowaway on the Norwegian steamer Horda.

The young Russian stowed away on the steamer at Genoa when it was bound for his own country. Authorities at the Russian port refused to permit Volonkoff to land there, however, and Captain Garmann of the Horda had no alternative but to bring him to the United States, only to have him barred here.

California's gold production in 1930 amounted to $9,308,300.

BIG TIMBER WOLF IS FINALLY TAKEN

SUDVILLE, Ont., Mar. 4—Three years of defiance has ended for the famous "king of the timber wolves."

Captured in a snare by Orland Sequin, a farmer, the animal fought so fiercely that it had to be shot. Two broken snares about its neck testified to the futile efforts of Ontario's best rangers and wolf-hunting equipment.

The animal was more than seven feet long. It had taken a heavy toll of north country game and cattle, and earned the title of "king" among Ontario farmers.

YAK IS FOOD, DRINK CLOTHING TO TIBETIANS

(International News Service)

HADDAM, Conn., Mar. 4—The good old yak, favorite of the cross word puzzle fans, is food, drink and clothing to the Tibetians according to the Rev. Roderick A. MacLeod who recently returned after a ten-year stay in that far-off land.

The Tibetian gets his milk from the yak, makes his butter and grease from yak's milk, uses the yak's skin to fashion his clothes and even rubs yak butter on his face to protect the skin against the cold dry winds which otherwise would crack it. This is in addition to the use of the yak as a beast of burden and transportation.

Track Season Prospects Good

Ellwood City Athletes Begin Training For Spring Competition

SEVERAL STARS STILL IN SCHOOL

ELLWOOD CITY, Mar. 4.—It is evident that Ellwood High is going to concentrate immediately on track, now that basketball is out of the way.

Over 35 tracks aspirants answered Coach Todd Lloyd's first call yesterday at the Lincoln High School and the first inspection over his material gave the coach reason to be hopeful.

Out of last year's 15 lettermen 9 have reported back for duty. There will be Sam Neff and Ed Vogt for the weights; Joe Welsh for the sprints; Bob Kennedy, John Lincoln, and Bob Johnson for the middle distance and long distance runs; Ralph Strouse, Paul Kuben, and Eugene Cavalier for the hurdles. Ellwood specialized in the latter event last year, setting individual and team records. Neff last year in all meets was a sure man for points.

Much is expected of Joe Welsh this season. For the first time in varsity track last year Welsh has made an enviable record. In competing against the greatest dashmen in this section, Wanna Dooms and O'Dile Pryor, Welsh has placed second and third in two meets in the century race. He beat Pryor in the 220 yd. dash at Pittsburgh. Welsh copped the latter event in the Beaver Valley meet to beat Cutrona of Freedom who previously nosed him out in the 100 yd. dash. Last year young Welsh was a poor starter, but this will undoubtedly be remedied this season.

Lloyd has two splendid middle distance runners in Lincoln and Kennedy. The former broke a 10 year record for the half-mile in the Beaver Valley meet last year and much can be expected of him again this year.

To be out fighting again for his "alma mater" will be Ralph Strouse who astonished this district last season with a 13 4-5 seconds for the 120 yd. low hurdles to set a new record. It is believed to be the national inter-scholastic record. Strouse also copped the 220 yd. low hurdles in the W. P. I. A. L. meet. Strouse, Kuben, Cavalier, and Pander took every shuttle relay race they entered last season and it seemed that every time they run they set a new time. It is chiefly on these that Coach Lloyd will base his hopes.

Lost to the team are Mike Dunn, state's low hurdle champion and Paul MacMurdo, king of the half milers in the district. Both are making a name for themselves in their events at Geneva and Pitt respectively. Others gone are John Sheeler, Lewis Hooker, Ken Ziegler and Bill Pander.

Coach Lloyd pointed out that Ellwood will be the defenders in two meets, the Geneva Interscholastic and Beaver Valley this season and immediate hard work is necessary. He gave a few of the rules that must be obeyed from now on. The distance runners have already started training and the remainder of the candidates will begin on next Wednesday when the equipment will be given out. Lloyd stated that he has some promising looking material in his new candidates whom he will instruct as soon as possible. Other members of last year's team who were present yesterday are Viniski, Logue, and Crowe all fine distance runners. It appears that Ellwood High's team this year will be well balanced and will be one of the strongest ever turned out.

Plans Are Received For Proposed Bridge

New Structure Across Slippery Rock At Wurtemburg To Be Built By The State

County Commissioners on Thursday received from the State Highway Department blue prints of the proposed bridge over Slippery Rock Creek at Wurtemburg, on the Ellwood-Portersville road.

The new bridge will be 214 feet long, with a 16 foot wide floor. There will be two pieces. As the bridge will be longer than the present structure new abutments will have to be built. The expense of the bridge will be borne by the state.

In the erection of the bridge it is proposed to straighten the roadway. At present there is a sharp curve at the west end of the bridge and also a curve at the east end, the road making a letter "S" with the bridge in the center.

It has been found that the present location is particularly dangerous when there is ice on the road, as cars are likely to skid at either end.

The present bridge is too light to accommodate present day heavy traffic. It is expected that work on the bridge will be started as soon as the rights of way are secured and the contracts can be awarded.

Mrs. Helen Haines Hostess To Club

ELLWOOD CITY, Mar. 4. — Mrs. Helen Haines was a charming hostess to the members of her club last night at her home on Spring avenue. Bridge was the chief diversion of the evening with two tables at play. The awards at the conclusion were presented to Mrs. Clifford Swick and Mrs. Donald Jones.

The hostess with the assistance of Mrs. Jones served a dainty luncheon at a later hour. Miss Gertrude Hill invited the club to meet at her home on Crescent avenue next Tuesday.

W. M. S. MEETS

Caughey presided at the business meeting at which the election of officers for the ensuing year was held with the following results: President, Mrs. R. H. Kirk; vice president, Mrs. J. E. Caughey; secretary, Mrs. Jacob Glasser; and treasurer, Mrs. W. L. Tomblim. Plans were also discussed for making donations to the Columbia Hospital at Wilkinsburg, which is supported by the United Presbyterian church.

PROVIDENCE BAPTIST

ELLWOOD CITY, Mar. 4—The Male Voice Choir of the Providence Baptist church of North Sewickley will meet for a practice session on Saturday evening at 8 o'clock. The choir is proving a real asset in the community evening service held each Sabbath.

Mrs. S. G. Hazen who has been confined to her home for over a week with the grippe is improving and is able to be about again.

Ellwood Loses Eight Players

Eight On Basketball Squad Have Played Their Final Game

ELLWOOD CITY, Mar. 4.—Ellwood City high's floor record is not very impressive this season. Out of 10 league and non-league games the locals have won four out of each class. Their total points equal 327 while their opponents rolled up 392 against the Blue and White.

Tony Latiano, Ed. Smith, and Tom Barnes were the principal scorers for the locals. The former is far up in individual scoring in the section race.

Coach Todd Lloyd, former Geneva captain and star was handicapped in his work this season by the lack of material. He practically had to form a machine out of green material. He had to change his players around consistently before he found a clicking combination which was at the beginning of the second half.

The best Ellwood could do now is to finish in sole possession of fourth place. This depends upon the outcome of the Beaver Falls-New Brighton game. Should the latter win the locals will be tied with New Brignton for fourth place.

Eight players have played their last basketball game for Ellwood high. They are Co-captains Mike Dudick, and Bob Kennedy, Tony Latiano, Ed. Smith, Frank Lasso, Eugene Cavalier, George Soccoloff, and Martin Tomei Also Bob Frew, a promising player of the Reserves will be lost by graduation. According to Coach Lloyd the members of the Reserves will very capably fill the shoes of the departed athletes. The Reserves have a splendid record for the season and hold a victory over the best teams in the district. Only the Butler Reserves were able to take the measure of the locals twice.

Ellwood's floor record for the 1931-32 season is as follows:

Ellwood	19	Alumni*	24
Ellwood	23	Mt. Jackson*	16
Ellwood	11	Zelienople*	16

Installing Lights In Cells Of Jail

County Compelled To Take This Action By The State Welfare Department

Individual lights are being placed in the cells at the county jail, following complaints by the state Welfare Department, that the Lawrence county jail is not adequately lighted. Heretofore light has been admitted to the cells from the corridors.

Considerable additional wiring is necessary for the installation of the lights. The wiring is all covered, and so installed that it would be impossible for the prisoners to tamper with it.

Some further improvements are also being made in the furnishings of the cells, upon recommendation of the welfare department. The idea of the department seems to be to make the county jail as comfortable and home like as possible, at the expense of the county.

There is now direct air mail service to 160 cities in 42 states and direct or connecting passenger plane service to 194 cities in the United States.

West Virginia Students Appear "Dumb" In Test

Lloyd George, Paderewski And Sinclair Lewis Are Sticklers For Studies

(International News Service)

FAIRMONT, W. Va., March 4.—Lloyd George is king of England.

Theodore Roosevelt is governor of New York.

Sinclair Lewis is an oil man.

Paderewski is a prominent athlete.

Those, according to the "columns" student publications at the State College here, were a few of the "boners" in recent examinations.

Lloyd George, of course, is a Great Britain political leader; Theodore Roosevelt was once president of the United States; Lewis is a nationally known author, and aderewski is the great pianist.

Three students in the college, however, obtained "A'S" (perfect grades) throughout the semester and 110 others averaged "B'S."

Must Get Permit To Trap Herons

Persons Desiring To Trap Herons Must Apply For Federal License

(International News Service)

HARRISBURG, March 4.—Effective at once, it has become necessary in Pennsylvania for all persons desiring to kill or trap Herons destroying fish in private ponds to obtain first a federal permit issued through the offices of the Game Commission here.

This order was issued by the game commission as the result of instructions from the federal government. National conservation laws insofar as they concern herons and other migratory birds are subject to the federal and migratory bird treaty with Canada and supersede any state relating to the protection of these birds. Any state has the right to give more, but not less, protection to any species of bird or animal than that afforded by federal laws.

Herons killed under these permits which the game commission is now prepared to issue, must either be destroyed or presented to some public scientific or educational institution. When requesting such permits applicants must specify the species of herons desired to be trapped.

Probably the most consistent marauder of fish ponds is the great Blue Heron which is common to larger waterways during the summer months. The game commission reported. The black-crowned heron and the green heron also are common summer residents although they are distributed more locally than the great blue heron.

Parents Should Warn Children

Children Should Not Accept Rides With Any Strangers

Indications are from what one North Hill parent has learned as a result of the general interest manifested in the Lindbergh kidnapping case, that it is well for all parents to warn their children against all invitations especially of strangers, to get into machines and ride or go in any way to any place with strangers.

This parent learned from the lips of her little daughter, who is attending one of the lower grades at Arthur McGill school, that within the past few days, two men in a machine, had endeavored to pursuade her and two small girl companions to take a ride in a car with them.

The three girls were enroute home from school, when the car with two men drew up along the sidewalk where the three small girls were walking and one of the men said: "Wouldn't you like to take a short ride girls?"

Quick as a flash, the little daughter of the parent who learned the story, said, "No thank you, I have but a short distance to go and prefer to walk." The men then drove on. That is probably all that saved another possible kidnapping case only closer to home.

The incide it had passed from the mind of the child until the talk about the Lindbergh kidnaping brought it back to her mind and she told her mother.

It would indicate that all parents should warn their children not to have anything to do with any strangers, especially those seeking to have them go somewhere with them.

NEW SHREDDED BISCUIT EXTRA GOOD WITH HOT MILK

Kellogg's WHOLE WHEAT Biscuits Offer Many Improvements

Kellogg's WHOLE WHEAT Biscuits are especially delightful with hot milk. And many mothers are taking advantage of this in serving a healthful and most convenient breakfast treat these cold mornings.

Before the new Kellogg's WHOLE WHEAT Biscuit was introduced, the Kellogg Company submitted it to the Medical Arts Laboratory of Philadelphia, which found it so rich in food value that every package now carries a certificate.

This means that mothers can now know definitely that their children are getting a well-balanced food whenever they serve the new Kellogg biscuit—extra rich in minerals, vitamins, proteins.

Kellogg's WHOLE WHEAT Biscuits are "pressure-cooked" by a special process that *bakes in* the delicious flavor. At the same time, it retains all the valuable food elements of the whole wheat.

The biscuits are much crisper and tastier because they are toasted a tempting brown on both top and bottom—not just one side. They are baked in a more convenient, economical size. Two biscuits just fit the cereal bowl—and you get 15 to the package.

Identify this improved cereal by the red-and-green package. Made by Kellogg in Battle Creek.

Philadelphia Has Ancient Cemetery

(International News Service)

PHILADELPHIA, March 4.—Though termed the birthplace of liberty, few persons are aware of the fact that the largest national cemetery north of Arlington Cemetery, near Washington, is within the confines of the city of Philadelphia.

Situated at Limekiln Pike, near Haines street, the cemetery contains more than 4,000 bodies of men who served in the armies of the United States.

The government established this national cemetery in 1855.

A great majority of the graves are those of men who fought in the Civil War. Both the Union and Confederate aces are represented.

TAMMEN HALL OPENED AS HOSPITAL ANNEX

(International News Service)

DENVER, Mar. 4.—Formal opening here of Tammen Hall, recreation center at Children's hospital, disclosed one of the finest equipped hospital annexes in the United States.

Tammen Hall will be devoted to rest and lounge rooms for nurses, and vocational training departments for crippled children.

The building was constructed at a cost of $300,000, the fund coming from interest on a $2,000,000 bequest left to the institution by the late Harry H. Tammen, co-publisher with Frederick G. Bonfils of the Denver Post.

SECOND CHILD SURVIVED

(International News Service)

ATLANTA, Ga.—Angeles of life and death raced to the home of Mr. and Mrs. Fred Kirling here—and both won. Awakened by the choking of her 18-months-old daughter, Betty Jean, Mrs. Kirling, an expectant mother, sped to a local hospital in a vain attempt to save the child's life. The infant died. Mrs. Kirling was immediately placed in the maternity ward where she gave birth a few hours later to a second daughter.

Install Auxiliary Of B. & O. R. R. Veterans

Baltimore and Ohio Veterans, their wives and special guests to the number of approximately eighty gathered last evening at the Sons of Union Veterans Hall in the city building and enjoyed one of the finest get-together events in the history of the veteran employes of the railroad and their families.

It marked the institution of New Castle Division No. 30 of the Ladies Auxiliary to Veterans Association of the Baltimore and Ohio Railroad and installation of the officers of both the new auxiliary and of New Castle Division No. 31 of the Baltimore and Ohio Veterans Association.

There was not a man present who had seen less than twenty years service with the Baltimore & Ohio, railroad and locally speaking W. J. Osborne, with forty-eight years of service, took the honors of the evening with Gus H. Hammer with 46 years a close second and F. L. Bush third with 42 years service. J. M. Garvey of Wheeling, West Va., grand president of the Veterans Association of the Baltimore and Ohio, had the outstanding record for service with 53 years to his credit.

Dinner Enjoyed

First on the program of the evening was a very bountiful tureen dinner served on very tastefully arranged and decorated tables, the national colors prevailing throughout the decorations.

T. N. Hockman, the new president of the Veterans in the New Castle Division, presided at the table and called the assemblage together. W. J. Osborne then pronounced the blessing on the food and the assemblage and the dinner was under way.

While the dinner was in progress, Michael Caruso, son of a well known Baltimore and Ohio employe and a musician of great ability, being a graduate of Carnegie Institute of Technology and the American Conservatory of Music at Chicago, played a number of selections on the violin including one of his own compositions, with Miss Helen Ewing as accompanist. The selections presented were "The Cradle Song," "Fiddling The Fiddle" and "Barcarolle" the latter being the composition of Mr. Caruso. During the dinner and also the entire evening, Louis Colella, Joseph Devivo and Vito Colella rendered numerous pleasing selections on the guitar, mandolin and violing respectively. While seated at the table, every person present received a favor and momento of the occasion.

Institution Takes Place

Immediately following the dinner, the hall was cleared of the dinner tables and the institution of the new auxiliary and the installation of the officers of both the veterans and auxiliary held.

Gus H. Hammer, retiring president of New Castle Division No. 31, Veterans Association of the Baltimore and Ohio System, assumed charge and after dispensing with the regular order of business, J. M. Garvey, grand president of the Veterans Association of the Baltimore & Ohio System, requested that Mrs. O. L. Wallberg of Lima, O., grand president of the Auxiliary to the Veterans Association of the Baltimore and Ohio System, assume charge of the proceedings of the evening, including the institution of the new auxiliary and also the installation of officers of both the veterans and auxiliary, Mr. Garvey waiving his right to conduct the proceedings.

Mrs. Wallberg then took charge, installing officers of the Veterans first and naming O. L. Murphy of the New Castle Division No. 31 as marshal. The officers installed were President, T. N. Hockman! Vice-President, W. C. Shanafelt; secretary-treasurer, S. H. Rhoads; Sergeant at Ams, F. W. Woods; Chaplain, D. C. Seamans; Marshal O. L. Murphy; Directors, Henry Johns, I. C. Bowman, J. L. Cole, W. B. Parks, O. L. Murphy and DiPiero Marino.

This ceremony was brought to a close with prayer by W J. Carbone acting as chaplain.

Ladies Installed

Mrs. Wallberg then instituted the auxiliary and installed its officers, selecting Mrs. J. M. Garvey of Wheeling, West Va., grand past vice-president of the Auxiliary to the Veterans Association of the Baltimore and Ohio System, as marshal.

The ladies installed as officers were President, Mrs. C. J. Bernhart,, vice-president, Mrs. R. C. Solomon; secretary, Mrs. James L. Cole; treasurer, Mrs. S. H. Rroads; Outer Guard, Mrs. R. C. Armstrong; Marshall, Mrs. K. C. Walter, chaplain, Mrs. William Horchler. Folowing the installation and institution, a flower march was held in which all participated and a nice sum of money was realized for the flower fund. Mrs. Horchler the chaplain then invoked the divine blessing.

Short talks were then given by the visiting grand officers, the newly installed officers of the two organizations and others, including the following persons: Mrs. O. L. Wallberg, Mrs. J. M. Garvey; Mrs. C. J. Bernhart, Mrs. James L. Cole, Mrs. R. C. Solomon, Mrs. I. C. Bowman, Mrs. S. H. Rhoads, Mrs. Kenneth Walter, Mrs. R. C. Armstrong, Mrs. William Horchler, T. N. Hockman, M. W. Jones of Baltimore, Md., who is the assistant editor of the Baltimore and Ohio Magazine; H. K. Bell, J. M. Garvey of Wheeling, West Va., grand president of the Veterans Association, S. H. Rhoads, O. L. Murphy, Frank Woods, Gus H. Hammer and W. J. Osborne.

The remarks of all were of interest but those of Grand President Garvey were of special import, as he advised them to stick to their own veterans association and not be misled into another organization of a similar character which would interfeer with them in the end. The remarks of Editor Jones were also interesting, dealing with what has been done and what can be done to help themselves and the system. The session then came to a close with the singing of "God Be With You Till We Meet Again."

The committee of the ladies in charge of the very successful event were: Mrs. I. C. Bowman, chairwoman, Mrs. R. C. Solomon, assistant chairwoman, Mrs. Jack Walter, in charge of the coffee; Mrs. Samuel Hey, Mrs. A. G. Matthews; Mrs. H. G. Tetlow, Mrs. Henry John, Mrs. Dennis Sturdevant; Mrs. John Thomas, Mrs. Edward Ray, Mrs. O. L. Murphy and Mrs. Harry Evans.

GRASS FIRES ARE CAUSE OF ALARM

Captain R. B. Craig and Fireman White answered a still alarm at 7:45 last evening, stating that a grass fire was endangering surrounding property in the rear of West State street. They extinguished the blaze, which was in an open field owned by the Crawford heirs.

Returning to central station, they noticed another grass fire near the P. and L. E. tracks in the rear of West Lincoln avenue and extinguished it also.

Central Labor Union Of Philadelphia Is Behind Movement

(International News Service)

PHILADELPHIA, Mar. 4.—A huge mass meeting will be held tomorrow in convention hall here, with the object of forcing Gov. Gifford Pinchot to call another special session of the legislature to enact measures for the unemployed.

The meeting is sponsored by the Central Labor Union of Philadelphia. Officials of the Union say organized labor, welfare organizations and the American Legion will take part.

Senator Costigan, (D) Colorado, will be the principal speaker. Other speakers include William Green, president of the American Federation of Labor; John A. Sunday School Drive Includes Baptist Church

A Sunday school drive in the Baptist denomination of Pennsylvania includes the five largest Sunday schools of the state among the Baptists: Great Bethel, Uniontown; Alpha, Philadelphia; Calvary, Norristown; Jackson street, Scranton, and the First Baptist, New Castle.

The local school ranks fifth in this standing and it is the hope of Paul D. Weller, the superintendent, that the school will be first or second in standing when the drive is completed, as the goal is for increased enrollment and regular attendance.

The drive opens Sunday morning, with Alfred Owens as general chairman and Verlee Armstrong as special secretary. Joe Bowman will be in charge and the adult department; Miss Shirley Holbrook, senior department; Glenn Johnson, intermediate and Esther Ferree, the junior department.

BRIDGE PLAYERS ALL GET PERFECT HANDS

WEST MIDDLESEX, Pa., Mar. 4.—Four bridge players at the home of Mrs. William Foote, last night, were dealt perfect hands and were so surprised that they did not play them. Mrs. Kathleen Mackey, dealer, discovered she had 13 diamonds. She bid a grand slam in that suit. Mrs. Myrtle Hogue, her opponent on the left, had 13 spades, but laid down her cards instead of bidding. Mrs. Nellie Shingledecker, Mrs. Mackey's partner, then discovered she held 13 hearts and Mrs. Margaret Clark had all the clubs.

New Castle-Zelienople To Play Tonight

Locals Will Play Tourney Game At Beaver Falls, Pa.

Schoolboy Quintets Eagerly Await Whistle For Second Round Game In Tourney; New Castle Will Have Practically Veteran Team; Zelienople Is Confident Following Defeat Of Leetsdale; Coach Phil Bridenbaugh Worried About Outcome; Game Will Start At 8 O'Clock.

Two schoolboy basketball teams, New Castle High and Zelienople High, will play at Beaver Falls High gymnasium tonight in the second round of the 1932 W. P. I. A. L. basketball tourney to determine the championship. The game will start at 8 o'clock.

By Special permission the two teams were allowed by the W. P. I. A. L. fathers to change the scene of their scheduled game from the Pitt Stadium, at Pittsburgh, to the specious new floor at Beaver Falls. New Castle won Section 3, and Zelienople won Section 18.

New Castle takes up the thread where they left off last year, a veteran in elimination tournaments, having paraded to Pittsburgh for quite a number of years for such business, while Zelienople is a comparative newcomer to "big league" competition. In event of good weather the fans will follow New Castle by the hundreds tonight.

Tickets On Sale

Ralph H. Gardner, faculty manager of Senior High announced that tickets for the game can be purchased here in New Castle at Senior High or the Sporting Goods Store. The tickets will sell for fifty cents here for students and adults. They can be bought up until 4 o'clock this afternoon. If the tickets are purchased at Beaver Falls tonight they will be seventy five cents for students and adults.

The wisest move would be to buy your tickets here and save a lot of confusion at the gym in Beaver Falls.

Fine New Floor

The new floor upon which the game will be played is rated as one of the best in this section of Pennsylvania. It is even a finer floor than at the Pitt Stadium, at Pittsburgh. The seating capacity is 2,000, but they can accomodate 2,500 fans.

One half of the gym will be reserved for the New Castle fans and the other half will be for the Zelienople fans. It is understood that there has been quite a heavy ticket sale at Zelienople. There will be plenty of seats.

By a queer quirk of fate Zelienople and New Castle were in the same floor league last year and New Castle won. They were in different leagues this year and now they are sectional winners and meet in the tourney.

Officials Unknown

Officials for the game tonight are unknown. They will not be named until shortly before game time.

This is the sixth time that New Castle High has prepared for a championship test in the elimination games. The parade to Pittsburgh started back in 1926 with Reider, Franklin, Ostrosky, McGrath and Silliman sharing the limelight for New Castle, and now in 1932 five years later we find Teplica, J. Uram, Lasky, N. Uram and Reiber upholding the red and black. Only one year since 1927 has New Castle failed to win their floor section.

New Castle Ready

Coach Phil Bridenbaugh tapered the players off with a signal drill and workout Thursday afternoon. "Bridy" is secretly hoping that the boys click like they did against Butler here the other evening. That foul shooting episode by "Bus" Reiber who made ten out of eleven tries could be repeated without embarrassing anybody tonight. The New Castle team will stack up against a fast and clever Zelienople team. Bridenbaugh has seen them play and knows that New Castle has a tough engagement on their hands. Zelienople waded through Section 18 rather easily. They expect to beat New Castle tonight and go a step further in the direction of the W. P. I. A. L. championship. They have jumped the Leetsdale hurdle, and now a bigger and more dangerous hurdle stands in their path, and they must do something about it tonight.

Zelienople Is Good

Bridenbaugh will take ten men to Beaver Falls, as follows—the starting players will be either Marvin, Teplica or J. Uram at the forwards, Lasky at center and Reiber and N. Uram at the guards. The others will be Nocera, Kominic, Ruha, Ostrosky, and Manager Bumbaugh.

Zelienople boasts of a fine pair of forwards in Young and Smith and New Castle's two fine guards Nickie Uram and Bus Reiber will have their hands full keeping track of these Zelienople flashes. Zelienople topped Leetsdale 17 to 14, and they will be confident.

Following is the probable lineups:

New Castle.		Zelienople.
Teplica	F	Young
J. Uram or Marvin	F	Smith
Lasky	C	Ifft
N. Uram	G	Rogner
Reiber	G	Yockey

Union Tackles Bessemer And East Brook Meets Mt. Jackson

COUNTY TOURNEY STARTS MARCH 9

Although New Castle and Zelienople clash tonight at Beaver Falls the game will not furnish chief interest for all of the fans in Lawrence county as those of six towns will watch games at East Brook, Bessemer and New Wilmington.

New Wilmington heads the County B school flag chase and will meet Shenango. New Wilmington scored a victory by a four point margin in the last game. Bessemer will play on their home floor against Union. Mount Jackson will contest with East Brook on the latter's floor.

Titan-Mt. Union Game Possible

Athletic Council At Westminster Frowns On Duquesne Game Offer

(Special To The News)

NEW WILMINGTON, Pa., Mar. 4—While the athletic council at Westminster College has not met officially within the last month, members of the council when queried about the rumored post-season game with Duquesne expressed the opinion that Westminster is already the district basketball leader and that there is no need of playing a post-season game to prove what Coach John Lawther's team has already proved.

Attorney Jas. A. Stranahan, Mercer; Dr. William Cleland, New Castle and James A. Pitzer, New Wilmington, all officers on the council, believe that Westminster has the best district record, and even before Duquesne lost to Geneva, a team which the Titans defeated conclusively twice this season, these members of the council stated that no move would be made from this end to get a post-season contest and that no such move had ever been contemplated.

When questioned about a rumored contest with Mount Union College of Alliance, Ohio., winners of the Ohio championship, members of the council merely stated they knew nothing about it. Such a contest, however, is not beyond possibility, it was hinted.

St. Vitus Cadets Topple Falcons

St. Vitus Cadets ran their victory string to 22 last night at the Falcon floor by toppling the Polish Falcon Juniors 20 to 19 in a fast game. The Falcons led at the half 16 to 12. For the St. Vitus team the playing of DeCaprio and Gennock featured, while the work of Kurdrupski and Buiney was the best for the Falcons.

The summary:

St. Vitus Cadets 20		Falcon Jrs. 19
Gennock	F	Boron
C. Gairdo	F	W. Koszella
DeCaprio	C	J. Noga
Natievo	G	Buiney

The local team held the Titan second string basketeers even in the first period but as the game progressed Westminster increased their lead and at the half they were ahead 16 to 8.

The pace was maintained in the last half of the game which was featured by Sweeney, Douglas and Southard. The former two scored 10 points each and Southard got 11.

BILL TERRY WILL REPORT TO CAMP

(International News Service)

LOS ANGELES, Mar. 4.—Just as Manager John McGraw was about to hire a detective to locate Bill Terry, the missing first sacker wired from Phoenix, Ariz. He would reach the Giants camp today.

Hugh Critz cut loose with his throwing arm yesterday and suffered no ill effects today.

BROOKLYN ROOKIES DEFEAT REGULARS

(International News Service)

CLEARWATER, Fla., Mar. 4.—Brooklyn's ball players had their first practice game under their belts today, the rookies beating the regulars 9 to 2. Hack Wilson failed to get a hit, but old Ike Boone smacked a homer and the three Jewish recruits—Cohen, Rosenfeld and Engle—acquitted themselves creditably.

Westminster Will Close Season With Grove City Battle

Traditional Rivals Will Play Tri-State Game Next Tuesday

Lawthermen Favored To Win, Grovers Only League Team To Top Titans

(Special To The News)

NEW WILMINGTON, Pa., Mar. 4.—Grove City and Westminster, traditional rivals, will close the basketball season here next Tuesday night, and indications are that the two old rivals will play before a packed house.

The fact that Grove City holds the only victory scored over the Titans this season coupled with the excellent showing made by Coach Bob Thorn's team in defeating Geneva and Allegheny, gives to this game something more than usual importance, if anything more is nedded.

Will Draw Crowd

Not only will fans from the entire district want to see the last contests of the season, but they will want to see if Grove City can duplicate its early-season fete and defeat Westminster a second time. On the other hand, the Westminster players will "burn up" on the least mention of that first Grove City game, and they are pointing to the contest.

Westminster has already won the Tri-State Conference championship, but it will take a victory over the Grovers to give the Titans a district championship. Such a victory will be hard to get, and whichever team wins will probably not have much of a margin to spare.

The athletic council at Westminster announced this week that all seats are reserved for the contest and that many are already reserved. It looks now as if there would be a complete sell-out before game time next Tuesday evening.

Church Quintets To Play Saturday

St. Andrews And Central Christians Will Resume Series

TWO OTHER GAMES ARE SCHEDULED

Three fast games will be played at the St. Mary's floor Saturday night. The first game will start at 7:15 o'clock. The big attraction is the St. Andrews and Central Christian game. This is the second game of a series for the championship of the south side churches.

The first game will find the Eintrachts and Farrell Saxons clashing. This should be a fast game as the teams are evenly matched. In the second tilt the St. Andrews "B" team will play the First Baptists "B" quintet. There is a lot of rivalry between these two teams.

In the big game the Central Christians will work hard to avenge that first defeat suffered at the hands of the St. Andrews team. A packed floor will greet the teams, it is indicated from the sale of tickets, according to Dave Riley and Francis Ayers.

HIGHLIGHTS OF HISTORY

By J. Carroll Mansfield

George Washington
No. 17. The Surrender Of Fort Necessity

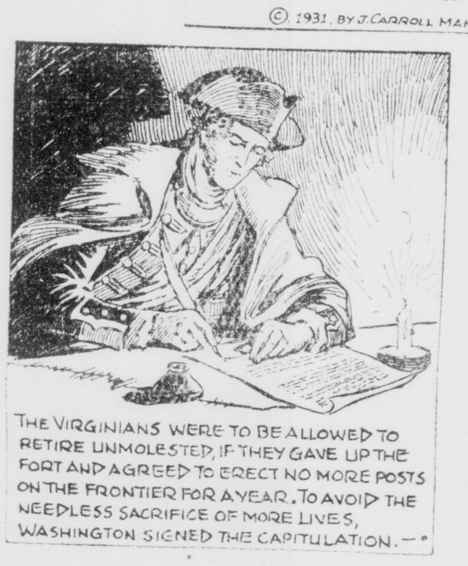

LATE ON THE NIGHT OF JULY 3RD DE VILLIERS SENT A NOTE TO THE DEFENDERS OF FORT NECESSITY OFFERING THEM TERMS OF SURRENDER. WASHINGTON'S POSITION WAS UNTENABLE AND THERE WAS NOTHING TO BE GAINED BY HOLDING THE FORT TO THE LAST MAN.

WASHINGTON UNDERSTOOD NO FRENCH, BUT ONE OF HIS MEN, A DUTCHMAN NAMED VAN BRAAM, MADE A VERY BUNGLING TRANSLATION OF DE VILLIERS' NOTE FOR HIM. THE FRENCHMAN'S TERMS WERE HONORABLE AND GENEROUS.

© 1931, BY J. CARROLL MANSFIELD.

THE VIRGINIANS WERE TO BE ALLOWED TO RETIRE UNMOLESTED, IF THEY GAVE UP THE FORT AND AGREED TO ERECT NO MORE POSTS ON THE FRONTIER FOR A YEAR. TO AVOID THE NEEDLESS SACRIFICE OF MORE LIVES, WASHINGTON SIGNED THE CAPITULATION.—

THE NEXT DAY (JULY 4, 1754) THE LITTLE GARRISON MARCHED OUT WITH MILITARY HONORS. WITH A HEAVY HEART, WASHINGTON LED HIS MEN ALONG THE HOMEWARD TRAIL, WHILE THE VICTORIOUS FRENCH AND THEIR SAVAGE ALLIES RETURNED TO FORT DUQUESNE.

WHAT A BREAK!

"We'll swap. You keep quiet about my report card and I won't tell dad you gave away his tweed suit."

NEW YORK STOCKS

Hoarding Is Showing Large Decrease Now

(International News Service)

NEW YORK, Mar. 4—The stock market steadied after early irregularity today. Opening prices showed a mixed tone with leading stocks like U. S. Steel, American Telephone, Allied Chemical, American Can and Dupont working lower following up yesterday's reaction. Consolidated Gas was an exception with an overnight gain of a half point at 65¾.

Auburn opened at 91¼, down 1⅜, and then slumped to 87⅞ before meeting support.

Rail stocks firmed up after early irregularity with N. Y. Central setting the pace. Noon stocks were strong and the N. Y. City Tractions had a run-up. Oils were steady and Coppers firm.

Overnight news included a decrease of $9,000,000 in hoarding and a gain in the Federal Reserve system's holdings of government securities, the first rise since August. Brokers loans were up $6,000,000. Commodities were dull, Wheat easing and Cotton steady.

The board then went into executive session and elected the following officers for the year: President, R. W. Bolsinger; first vice-president, Mrs. Jessie A. Jameson; second vice-president, C. C. Cooper; treasurer, L. W. McClung; secretary, B. N. Hanlon.

Matters of importance were presented to the board and it was decided to enter into an extensive membership effort in the near future.

Arrangements pertaining to the annual convention of the Pennsylvania Motor Federation, composing the eighty-eight A. A. A. Motor clubs in Pennsylvania, to be held in New Castle on May 18th, 19th and 20th, were discussed and committees appointed for the several features of the convention. These committees will be announced at a later date.

The newly elected officers enter upon their official duties April 1.

Decrease Shown In Divorce Hearings

Only Thirteen Cases Scheduled For Hearing Before Judge Hildebrand Today

Only thirteen cases were on the list for hearing at divorce court being held by Judge R. L. Hildebrand this morning. Some of these were continued. This is the smallest number of cases to come up in of hearing testimony before judges was adopted. It is believed that the depression has had something to do with the falling off in divorce cases, as it generally costs over $100 to get a divorce case through.

Cases scheduled for hearing today were as follows:

Alexander Zekan against Magdalena Zekan, desertion. They were married in August, 1919, and lived together until November, 1929.

Sarah Farren against Edward Farren, desertion. Married in December, 1923, and lived together until January, 1924.

Jennie Ellen Aiello against James Aiello, desertion. Married in December, 1920, and lived together until December, 1929.

Anna Lach against Theodore Lach, desertion. Married in November, 1928, and lived together until the following April.

R. C. Brown against Mildred Brown, desertion. Married in June, 1927, and lived together about one month.

Frank Sowash against Elsie Sowash. Married in July 1929, and lived together until the following September.

Louise Steel against Paul Steel. Married in February, 1909, and lived together until July, 1931.

Joseph Slamon against Ann Slamon, cruel and barbarous treatment.

Frances Connor against Francis Connor, indignities to the person.

The cases of James Smock against Hattie Smock, cruelty and that of Jack Small against Vernie Small, cruelty and indignities, were continued.

Farmer Repaying Kindness To Anne Lindbergh Today

Farmer Aided Once By Anne Lindbergh, Enlists In Forces Hunting "Baby"

(International News Service)

HOPEWELL, N. J., Mar. 4—Not so long ago a farmer was seriously injured when his automobile crashed into a bridge.

A great lady from an adjoining estate tok the injured commoner into her car and tended his wounds until they reached the hospital.

Alfred Denzler, the farmer, who never forgot the kindness, closed up his farm today and came over to aid in the search for the baby of Mrs. Anne Morrow Lindbergh.

He will not return to work until the baby is found.

When Fire Threatened Town

A striking aerial view of the disastrous fire that threatened to destroy the town of Gretna, La., before it was finally brought under control by fire appartus from a dozen nearby towns. Damage was estimated at $400,000, a huge fertilizer plant being entirely destroyed. Adjoining oil tanks were threatened and apparatus was rushed from New Orleans to assist in fighting the spread of the flames.

Honors for Noted Guests

The honorary degree of Doctor of Letters was conferred on Gerhart Hauptmann (left), German poet and dramatist, and that of Doctor of Laws on Sebastian Charlety (right), rector of the University of Paris, at Columbia University, New York. Negroes Hold Up Cudahy Company Truck Driver

Hold Him Up With Gun As He Is Leaving Garage Of His Concern

Last night, as Harold Boughter, 509 Martin street, driver of a truck of the Cudahy Packing Company, was making his way out from the garage in which he had just put his truck, two negroes pulled a gun on him and took his pocketbook from him, in which there was money of the company.

After getting the pocketbook, the negroes ran south and made their getaway before the could get any assistance. The pocketbook contained a check for $12 and seventeen or eighteen dollars in cash.

The police were notified but could not locate the two negroes. They are described as follows: No. 1 Negro, 6 feet tall, dark cap, dark overcoat, slended build, weight about 160 pounds; No. 2, 5 feet 7 inches slim build, dark cap and dark overcoat, weight about 150 pounds.

Cotton is a contraband of war because it is the principal ingredient of smokeless powder, and can best be combined with nitric acid to produce a high explosive.

In 1930 there were 1,811,410 telephones in New York City.

Husky Prospect

According to reports from their New Orleans training camp, Manager Peckinpaugh, of the Cleveland Indians, may have a real find in Charlie Reddock (above), rookie pitcher. Reddock is six feet tall and weighs 180 pounds. He is a right-hander with lots of speed.

Writer Of Gangster Stories Gives Idea How To Find Baby

Charles Francis Coe, Suggests Lindbergh Offering Public Reward

Doesn't Believe Harm Will Come To Lindbergh Baby From Kidnapers

By WILLIAM RANDORF
International News Service Staff Correspondent

(Copyright, 1932, By International News Service)

NEW YORK, Mar. 4—Charles Francis Coe, well known writer of gangster stories, today suggested the "one and only one way" in his opinion, that Colonel Charles A. Lindbergh can expect to get his kipnaped baby safely back home.

The plan, put forward in an interview with International News Service, is as follows:

Public Reward

"Colonel Lindbergh should publicly offer a reward of $50,000 (equal to the sum demanded in the ransom note left by the kidnapers) providing the missing baby is found safely abandoned at any point in the United States.

"The reward would be made payable in 30, 60 or 90 days. It would be payable to anyone who presented a piece of the baby's garments, which the kidnaper could remove before abandoning the child.

Would Pledge Honor

"Colonel Lindbergh would pledge his honor that payment of the reward would be a private transaction with no danger of criminal prosecution."

Coe added that such wide publicity had been given the kidnaping that if the Lindbergh child was left in a public spot he would be discovered and returned immediately by the finder.

"I am convinced that is the only practical solution of this amazing crime, as the kidnapers are too frightened by this time to communicate in any manner with the Lindberghs" said Coe.

Child Believed Safe

Coe said that he thought the child was safe "If the police don't catch up with the kidnapers."

"The band will be as happy to get rid of that baby as Colonel and Mrs. Lindbergh will be to get him back," he said." The Lindbergh baby, right now, is what gangsters would term 'hot property.'"

Federal Funds Proposed For State Highways

Wagner Bill Would Provide Almost Thirty Millions For Pennsylvania

BILL PLACED ON SENATE CALENDAR

By ARTHUR C. WIMER
Special Washington Correspondent Of The New Castle News

WASHINGTON, D. C., Mar. 4—Pennsylvania would receive $29,507,228 of the $375,000,000 for emergency relief highway construction carried in the Wagner unemployment relief bill which has been favorably reported by the Senate Manufactures Committee and is now on the Senate calendar.

The bill proposes to appropriate $275,000,000 for federal-aid highways and $375,000,000 for direct relief work. The road funds would be allotted to the various states upon a basis of population while the relief funds would be distributed according to need.

Of the total $275,000,000 road appropriation, $29,507,228 would go to Pennsylvania. Of this amount $19,671,485 would be available in the present calendar year and $9,835,743 in the calendar year of 1933.

This money would be in addition to the regular federal-aid highway funds distributed to the states. Only one state, New York, would receive a larger portion of this emergency fund than the Keystone State.

Pennsylvania would also be permitted to borrow a portion of the $375,000,000 for direct personal relief in the event the governor could give evidence of need of such aid.

Changing Filing Cases In Office

Prothonotary R. M. Campbell is re-arranging filing cases in his office in order to make room for the ever increasing cargo of papers that come into his office. Some of the filing cases are being crowded into a back room which is already piled to the ceiling. The only place where more filing room might be had would be in the basement. There is ample room there but so far the county commissioners have delayed making the improvements to render it available.

Bridge Petitions Are Before Court

County Commissioners Say That They Have Provided For Cost Of Construction

County Commissioners P. O. Elder, Elmer Conners and F. R. Woods, through their solicitor John P. Lockhart, presented a petition to court Thursday setting forth the necessity for building two bridges at Volant, one across the Neshannock Creek, and the other over the tailrace leading from the Simison grist mill.

The petition set forth that the commissioners had taken into consideration the erection of the bridges in levying the county tax millage for this year, and have provided funds.

The first bridge across the Neshannock, according to the petition, was erected in 1866. It was rebuilt in 1877 and again in 1890. All of the previous bridges have been of wooden construction.

The present bridge was erected before the days of heavy trucks, and both the Neshannock and the mill race bridges are considered too light to hold up present day traffic.

Judge Hildebrand directed that the matter be laid before the grand jury next week. It is expected that favorable action will be taken by the grand jury and that viewers will be appointed at once, in order that no time be lost in awarding the contracts.

By ARTHUR C. WIMER
Special Washington Correspondent Of The New Castle News

NERVOUS SYSTEM WAS WRECKED

Young Austrian Girl Finds Way to Regain Lost Health

The astounding reports which are coming from various parts of the country regarding a new scientific preparation called World's Tonic are confirmed by the experience of Miss Margaret Vaglo of Connellsville, Pa., who had given up in despair over what seemed the complete loss of her health.

"All through my girlhood," she writes, "I had always been so well and hearty that I never dreamed I could lose my health. We are Austrians and I was raised with my brothers and sisters on a little farm near the Danube. We worked side by side with the men in the field and it made us strong and kept us well. We had lots of music—most everybody could play on either the violin or the zither and all of us could sing. Of evenings we would get together at some neighbor's house and dance. I could work all day and dance nearly all night and work all the next day, and never feel tired at all.

"After we came to America I was well for a year or so. But then my health began to break down. At first I thought it was the bad air in the store where I worked. But mother always said it was only because I was just like a transplated plant needing something from my native soil, in order to keep healthy. I got so constipated that I had to take physics every night to get my bowels to move.

"Then I got catarrh. I lost my appetite and got thinner and weaker all the time. My color which was naturally bright and rosy, became yellow. I had dark circles under my eyes. Lines formed in my cheeks. I was only twenty-two but I looked and felt like an old woman. I came to be very nervous and trembly all over. I would jump at the slightest noise. And often I would break out in embarrassing sweats for no reason at all. I realized that I was having a complete nervous breakdown. But there seemed to be no medicine that could help me.

"Then a girl friend told me about World's Tonic. She explained that this valuable new remedy is made from plants brought from different parts of the world, and that, therefore, it could help replace elements in my system, not furnished by most American medicines. I noticed a real change after the first few doses of World's Tonic. I felt better all over. Within three weeks, taking World's Tonic regularly I was rosy and plump again like I used to be. I have never been sick since, but I always keep World's Tonic on hand and take it whenever I find myself feeling run down."

World's Tonic is on sale at Eckerd's, McKee's, Paisley's, Smith's and all other modern drug stores. (B-55)

Judge Chambers Flays Jury Verdict In Fraud Trial

Reverses Costs Which Jury Placed On Prosecutor, To County

PITTSBURGH, Pa., Mar. 4.—The jury's verdict that freed Police Chief Thomas J. Flynn, of Duquesne, five of his patrolmen and a civilian of charges of election law violations in criminal court yesterday, was denounced by Judge J. A. Chambers, of Lawrence county, as he relieved the prosecutors in the cases of the burden of costs the jury had placed on them.

The jury in a sealed verdict, placed the costs in all cases except that of Henry Jones, on the original prosecutors, Albert A. Saltzer, Nick Dubiac, and Albert Dopcus, but Judge Chambers decreed the costs should be placed on the county.

"The verdict should have been guilty in all these cases," said the visiting jurist.

"The placing of costs on the prosecutors would only tend to deter people from making legitimate prosecutions," he added.

The Duquesne police case was one of the four election trials in criminal court yesterday. Acquittal verdicts were returned in all but one of these cases, in which the defendant entered a plea of guilty.

SCRANTON, Pa., Mar. 4.—Add Leap Year yarns!

A Rhode Island red owned by James Bowden, of Underwood Village, had a big day by laying a twin egg measuring eight and three-quarter inches in circumference.

The shell contained a fully formed second egg as well as an auxiliary yoke and white.

The hen fruit weighed seven ounces, which is considerably more than double the weight of a normal egg.

MY NEW YORK
BY JAMES ASWELL

By Central Press

NEW YORK, Mar. 4—Marginalia of a Madhattanite.

The applause of opening nights at the final curtain of plays which are indubitable flops is one of the saddest noises to be encountered along the Rialto. . .It is always louder and more sustained than anyone expects it to be and down front spectators often are sure they can detect the bright flush of acute embarrassment through layers of makeup. . . I can imagine no more harrowing experience than the reception of clearly insincere plaudits. . Although neither author, producer nor actors may have suspected the flimsiness of their vehicle until the opening—such is the myopia of theatrics—they always know they have a large slice of cold turkey on their hands long before the last critic has slunk up the aisle to click damnation off on his typewriter.

Chroniclers of Manhattan neglect a fertile source of material if they fail to give ear to the garrulity of taxi drivers. . .And most taxi drivers are garrulous. . A few of them have written books about their experiences cruising the town, but as a rule they are as unconcerned about the drama and comedy going on a few feet behind them as sailors are over the majesty of the Taj Mahal or newspapermen over the glamor of night court. . .

JOVIAL CALUMNY

Hackers are famed as masters of quick and stinging epithet as they maneuver for preference in the tangle of traffic. . .The other day my driver, pressed to the curb by a right-turning colleague let out such a burst of inspired profanity that I groped for a pencil to make a note of his original combinations and pyramided reflections upon the other driver's ancestry, habits and postumous fate—for use, perhaps, in the compilation of a lexicon for scholars. . .

Both cabs were halted at that moment by heavy traffic ahead. . Our antagonist had opportunity to reply, which he used to the full, with elaborations. . . By this time the two cars were at a full stop, a few inches aprt. . There was a silence. .

At length my driver turned his head and looked speculatively at his late foe for an instant. . .Then he said, quite genially: "Doing much today?". . .At once they began to talk shop, as if nothing had happened to mar a long friendship. . .

FIRE-FIGHTING FILM

Motion picture cameras, I am told now are standard equipment of Paris fire trucks. . .A movie record of the technique used in dousing the blaze and its success enables chiefs to pick flaws in the attack and devise remedies. . .

Vanilla perfume is made from one of the worst smelling chemicals in the world, asafedita. . .And many of the scents dabbed on fashionable gowns can be traced back to compounds unfragrant enough in the pure state to clear a room. . .

The highest paid professional pilots are employed to steer the big transatlantic liners to North river piers, yet the East river, all the way up the Sound, is one of the most hazardous waterways roundabout, particularly in a fog. . .My bedroom overlooks that stream near Welfare island, and on days of low visibility the horns howl like a rehearsed offstage chorus. . .

And speaking of Welfare island, where the city prisoners lanquish. . . Conversation with the renting agent for one of the most luxurious and expensive apartment buildings on the East Side brought out an odd commentary on the preferences of Manhattanies. . . The more costly suites in the house have a view of the river and incidentally of the penal colony. . .Millionaires in their breakfast sunrooms look down on the morning exercises of the prisoners. . .

"Don't they object to that view?" I wanted to know. . ."Not at all" my informant insisted, "that is, not the ones with clear conscience, anyway" . . ."They feel just the opposite about it," he went on. . ."They can glance at those unlucky guys and feel fortunate, no matter how hard the market has hit them!". . .

LOOKING BACK
IN NEW CASTLE

Dstruction of the Capitol theatre on Sunday night recalled the fact that it was constructed by one of the leading contractors of his day, James M. Mayne. He was one of the most enterprising and progressive citizens of New Castle in the days that it was in the making. He was born in Shenango township, Lawrence county, July 16, 1832. James M. Mayne, after spending the years of his youth in this city, where he secured an education, went to Cleveland, O., where he learned the carpenter's trade and from 1856 to 1860 was in Morris, Grundy county, Illinois, engaged in contracting. In 1866 he returned to this city and carried on contracting for quite a number of years. He also erected a number of houses, including his own dwelling house, as a matter of personal investment. He built the First National bank building and the Opera House (Capitol theatre) in 1868, besides many other structures, including many of the best buildings in the city. In 1870 he became interested with J. D. Bryson in the milling industry and built and furnished the first roller process mill in this part of the country. From that time until 1882, when the mill burned down, they kept developing their business and increasing their output of fine flour. They incorporated under the name of Lovell Milling company with D.
